

State of Wisconsin
Department of Natural Resources
dnr.wi.gov

Due by March 31, 2011

This form is for the purpose of annual reporting on activities undertaken pursuant to the Municipal Separate Storm Sewer System (MS4) General Permit No. WI-S050075-1. An owner or operator of a municipal separate storm sewer system covered by the general permit under Chapter NR 216, Wis. Adm. Code, is required to submit an annual report to the Department of Natural Resources by March 31 of each year to report on activities for the previous calendar year. This form is for reporting on activities undertaken in calendar year 2010.

Use of this specific form is optional. The Department of Natural Resources has created this form for the user's convenience and believes that the information requested on this form meets the reporting requirements for an owner or operator of a municipal separate storm sewer system covered by the general permit. Personal information collected will be used for administrative purposes and may be provided to the extent required by Wisconsin's Open Records Law [ss. 19.31-19.39, Wis. Stats.].

Instructions: Complete each section of the form that follows. If additional space is needed to respond to a question, attach additional pages. Provide descriptions that explain the program actions taken to-date to comply with the general permit. Complete and submit the annual report by March 31, 2011, to the appropriate address indicated on the last page of this form.

SECTION I. Municipal Information

Name of Municipality UW-Parkside		Facility ID No. (FIN) 37188	
Mailing Address 900 Wood Road PO Box 2000	City Kenosha	State WI	Postal Code 53144
County(s) in which Municipality is located Kenosha	Type of Municipality: (check one) <input type="checkbox"/> County <input type="checkbox"/> City <input type="checkbox"/> Village <input type="checkbox"/> Town <input checked="" type="checkbox"/> Other (specify) University		

SECTION II. Municipal Contact Information

Name of Municipal Contact Person Don Kolbe		Title Director of Facilities	
Mailing Address UWParkside , Facilitéis Management 900 Wood Road	City Kenosha	State WI	Postal Code 53144
E-mail Address donald.kolbe@uwp.edu	Telephone No. (including area code) 262-595-2232	Fax No. (including area code) 262-595-2333	

SECTION III. Certification

I hereby certify that I am an authorized representative of the municipality covered under MS4 General Permit No. WI-S050075-1 for which this annual report is being submitted and that the information contained in this document and all attachments were gathered and prepared under my direction or supervision. Based on my inquiry of the person or persons under my direction or supervision involved in the preparation of this document, to the best of my knowledge, the information is true, accurate, and complete. I further certify that the municipality's governing body or delegated representatives have reviewed or been apprised of the contents of this annual report. I understand that Wisconsin law provides severe penalties for submitting false information.

Authorized Representative Printed Name Dr. William Streeter	Authorized Representative Title Vice Chancellor of Administrative and Fiscal Affairs	
Authorized Representative Signature	Date Signed	
E-mail Address William.Streeter@uwp.edu	Telephone No. (including area code) 262-595-2141	Fax No. (including area code) 262-595-2333

SECTION IV. General Information

a. Describe what efforts the municipality has undertaken to invite the municipal governing body, interest groups, and the general public to review and comment on the annual report.

Member of Pike/Root River Watershed Initiative Network (Win)

b. Describe how elected and municipal officials and appropriate staff have been kept apprised of the municipal storm water discharge permit and its requirements.

UW-System website <http://uwsa.edu/capbud/stormwater.htm>

c. Has the municipality prepared its own municipal-wide storm water management plan? Yes No

If yes, title and date of storm water management plan:
UW_parkside Stomwater Management Plan (Summer 2006)

d. Has the municipality entered into a written agreement with another municipality or a contract with another entity to perform one or more of the conditions of the general permit as provided under Section 2.10 of the general permit? Yes No

If yes, describe these cooperative efforts:

e. Does the municipality have an internet website? Yes No

If yes, provide web address:
<http://uwsa.edu/capbud/stormwater.htm>

If the municipality has an internet website, is there current information about or links provided to the MS4 general permit and/or the municipality's storm water management program? Yes No

If yes, provide web address:
<http://uwsa.edu/capbud/stormwater.htm>

SECTION V. Permit Conditions

a. Minimum Control Measures: For each of the permit conditions listed below, provide a description of the status of implementation of program elements, the status of meeting measurable goals, and compliance with permit schedule in section 3 of the MS4 general permit. Be specific in describing the actions that have been taken during the reporting year to implement each permit condition and whether measurable goals have been met, including any data collected to document a measurable goal. Also, explain the reasons for any variations from the compliance schedule in the MS4 general permit.

- **Public Education and Outreach**

Member of consortium of SE Wisconsin municipalities and RootRiver Watershed Initiative Network (WIN) to provide educational materials, publications, seminars, tours, and grants for the public.

- **Public Involvement and Participation**

-UW-Parkside Student Environment Club created and maintain four rain gardens (International House) in May 2008, and two rain gardens for our Residence Hall in 2009 through student club funds and WIN grant, Construction projects (2009) in our North portion of campus (Student Center, Res Hall and new parking lot had a combined storm water control by constructing storm system detention wet pond, and rain gardens in the parking lot medians. This project design met the 80% requirement further improving our SLAMM above the 34% mark. Fall or 2009, a project to install an round about intersection and main boulevard installed additional rain gardens. Projects in 2010 had anew parking lot built with rain gardens and detention pond on the west part of campus. A project in the SE corner of campus created two detention ponds for the stormwater discharge to this part of campus.

- **Illicit Discharge Detection and Elimination**

-Set up inspection program for Fall/Spring of all storm water systems on campus. Repair orders issue and completed.

- **Construction Site Pollutant Control**

Department of Administration/Division of State Facilities Division 31 Erosion Control Standards serve as the regulatory mechanisms for UW-System four years campuses to require erosion and sediment control at construction sites. See DOA/DSF Sustainable policies at;

ftp://doafp04.doa.state.wi.us/master_spec/Sustainable%20Facilities%20Standards/Sustainable%20Facilities%20Standards.pdf.

Provisions for inspection and enforcement are included within these standards. These provisions have been in effect since about 2005. There have been no reported erosion control violations on UW-Parkside campus reported to DOA/DSF Project Manager during the 2009 permit year.

- **Post-Construction Storm Water Management**

—DOA/DSF Civil and Sitework Guidelines serve as the regulatory mechanisms for UW-System four year campuses to require post–construction stormwater discharges from new development and redevelopment. These guidelines are included in this report;

ftp://doafp04.doa.state.wi.us/master_spec/Sustainable%20Facilities%20Standards/Sustainable%20Facilities%20Standards.pdf.

Provisions for inspection and enforcement are included within these guidelines.

- Pollution Prevention

--Periodical review with staff on use of pesticides/herbicides. Maintained herbicide/pesticide licensing of grounds staff, Spill protection/containment kits installed and maintained at any potential spill site on campus.

b. Storm Water Quality Management: Has the municipality completed a pollutant-loading analysis to assess compliance with the 20% TSS reduction developed urban area performance standard? Yes No

If yes, provide the following: Model used WindSLAMM Version P8 Reduction (%) 34
<http://www.uwsa.edu/capbu>

Has the municipality completed a pollutant-loading analysis to assess compliance with the 40% TSS reduction developed urban area performance standard? Yes No

If yes, provide the following: Model used WindSLAMM Version P8 Reduction (%) 34

If no, include a description of any actions the municipality has undertaken during 2010 to help achieve the 40% standard by March 10, 2013.

Completed detention ponds on SE and West portions of campus stormwater systems.

Has the municipality completed an evaluation of all municipal owned or operated structural flood control facilities to determine the feasibility of retrofitting to increase TSS removal? Yes No If yes, describe:

c. Storm Sewer System Map: Describe any changes or updates to the storm sewer system map made in the reporting year. Provide an updated map.

SECTION VI. Fiscal Analysis

- a. Provide a fiscal analysis that includes the annual expenditures for 2010, and the budget for 2010 and 2011. A table to document fiscal information is provided on page 6.
- b. What financing/fiscal strategy has the municipality implemented to finance the requirements of the general permit?
 Storm water utility General fund Other Wisconsin budget appropriations
- c. Are adequate revenues being generated to implement your storm water management program to meet the permit requirements? Yes No

Please provide a brief summary of your financing/fiscal strategy and any additional information that will assist the Department in understanding how storm water management funds are being generated to implement and administer your storm water management program.

SECTION VII. Inspections and Enforcement Actions

Note: If an ordinance listed below has previously been submitted and has not been amended since that time, a copy does not need to be submitted again. If the ordinance was previously submitted, indicate such in the space provided.

- a. As of the date of this annual report, has the municipality adopted a construction site pollutant control ordinance in accordance with subsection 2.4.1 of the general permit? Yes No If yes, attach copy or provide web link to ordinance:

ftp://doafp04.doa.state.wi.us/master_spec/Sustainable%20Facilities%20Standards/Sustainable%20Facilities%20Standards.pdf

- b. As of the date of this annual report, has the municipality adopted a post-construction storm water management ordinance in accordance with subsection 2.5.1 of the general permit? Yes No If yes, attach copy or provide web link to ordinance:

- c. As of the date of this annual report, has the municipality adopted an illicit discharge detection and elimination ordinance in accordance with subsection 2.3.1 of the general permit? Yes No If yes, attach copy or provide web link to ordinance:

- d. As of the date of this annual report, has the municipality adopted any other ordinances it has deemed necessary to implement a program under the general permit (e.g., pet waste ordinance, leaf management/yard waste ordinance, parking restrictions for street cleaning, etc.)? Yes No If yes, attach copy or provide web link to ordinance:

- e. Provide a summary of available information on the number and nature of inspections and enforcement actions conducted during the reporting period to ensure compliance with the ordinances described in a. to d. above.

UW-Parkside inspects and repairs the stormwater systems on campus in the Spring and Fall of each year. Our Project Representatives manage their assign projects recognizing the need for proper stormwater management and alert the DSF representative of concerns. DSF Project Representatives are instructed to complete weekly Stormwater Control reports on their projects on campus to assure specified measures are installed and maintained.

SECTION VIII. Water Quality Concerns

a. Does any part of the MS4 discharge to an outstanding resource water (ORW) or exceptional resource water (ERW) listed under s. NR 102.10 or 102.11, Wis. Adm. Code? (A list of ORWs and ERWs may be found on the Department's Internet site at: <http://dnr.wi.gov/org/water/wm/wqs/orwerw/>) Yes No If yes, list:

b. Does any part of the MS4 discharge to an impaired waterbody listed in accordance with section 303(d)(1) of the federal Clean Water Act, 33 USC § 1313(d)(1)(C)? (A list of the most current Wisconsin impaired waterbodies may be found on the Department's Internet site at: <http://dnr.wi.gov/org/water/wm/wqs/303d/303d.html>) Yes No If yes, complete the following:

- Impaired waterbody to which the MS4 discharges:

- Description of actions municipality has taken to comply with section 1.5.2 of the MS4 general permit for discharges of pollutant(s) of concern to an impaired waterbody:

c. Identify any known water quality improvements in the receiving water to which the MS4 discharges during the reporting period.

d. Identify any known water quality degradation in the receiving water to which the MS4 discharges during the reporting period and what actions are being taken to improve the water quality in the receiving water.

Fiscal Analysis Table. Complete the fiscal analysis table provided below.

Program Element	Annual Expenditure		Budget		Source of Funds
	2010	2010	2011	2011	
Public Education and Outreach	1102	1102	1200		campus funding
Public Involvement and Participation					campus funding
Illicit Discharge Detection and Elimination	\$230 \$350,000	\$250	\$250		Campus funding State Project funding-detention ponds
Construction Site Pollutant Control		Budget amount is determined with each project	unknown		State Construction Project funding
Post-Construction Storm Water Management					
Pollution Prevention					
Storm Water Quality Management (including pollutant-loading analysis)
