Re: Retention and Graduation Info Memo

We are adding a new publication on Retention and Graduation to our collection of Informational Memoranda. In the past, retention and graduation data have appeared in several different OPAR publications: The UW System Accountability Report (Achieving Excellence), the Undergraduate Transfer Students Info Memo, and a set of tables accessed from the Publications page on the OPAR web site.

We feel it is time to have this information presented in a stand-alone document. The new Retention and Graduation Info Memo would provide greater institutional detail than the Accountability Report and the Undergraduate Transfer Students Info Memo. Also, it would incorporate as an appendix the set of tables currently on the OPAR web site.

Although the primary purpose is to gather together information that has been published previously, the Info Memo would include a few new items:

- Comparison of UW System and National retention and graduation rates (the latter by race/ethnicity and gender)
- Retention and graduation rates of Pell recipients by UW institution

The attached draft shows the tables we are planning to include in the new Info Memo. Please review the tables and bring any suggestions or concerns to the Mar 26 CDR Liaisons/Institutional Researchers videoconference.
