Catch the Spirit of PK-16!

You are invited to join the Wisconsin PK-16 Leadership Council on Wednesday, June 13th for an afternoon of refreshments and accolades.

After the Principals review the accomplishments of the past year, the *Program of Distinction* award recipients will provide us with a brief overview of their work. *Promising Practices* will then be recognized. This reception will provide members of the Council an opportunity to meet representatives of these collaborative partnerships.

2007 Program of Distinction

Teacher Education Program

Milwaukee Area Technical College

The mission of the Teacher Education Program (TEP) is to offer an innovative and collaborative pre-service training program to individuals interested in pursuing a rewarding career as an urban school teacher. The mission is supported programmatically through advising, financial aid/scholarships, internships, recruitment and mentoring activities. Cooperative Urban Teacher Education Program (CUTEP) internships provide students with grant sponsored classroom experiences in the Milwaukee Public Schools. These internships are available to African American, Asian/Pacific Islander, Hispanic and Native American students to increase the number of teachers of color in the Milwaukee Public Schools.
