**State Superintendent Burmaster calls working with  
UW System President Katharine Lyall 'a privilege'**

*Burmaster makes statement on President Lyall's announcement that she is stepping down*

MADISON—It has been a privilege to work with President Lyall for the last three years. She is a woman of integrity who has worked to bring the PK-12, university, and technical college systems together in partnership to ensure quality education throughout the state of Wisconsin. She is a dynamic, experienced leader who will be greatly missed. President Lyall never lost site of the core purpose of the university system: to educate our next generation of leaders thereby securing our educational, social, and economic future.
