

30

— A YEAR —
GETS YOU HERE

Do you have an academic plan?

Are you on track with 30 credits a year?

What is your graduation timeline?

How many credits have you earned?

GRADUATE FASTER & SAVE MONEY!

Earning 30 credits per year, averaging 15 per semester, sets a pace for you to graduate sooner! Stay on Track. Graduate on time.

Each additional year costs you more than just additional tuition & fees. Don't forget to factor in living expenses, student loan interest, and the cost of lost wages. One of the easiest ways to cut costs each semester – **take 15 credits!**

Meet with your academic advisor to learn more about why earning 30 credits per year is so important.
