Overview
Academic Libraries Overview
Welcome to the IPEDS Academic Libraries (AL) survey component. The purpose of the AL component of IPEDS is to collect information on library collections, library expenditures, and library services for libraries in degree-granting postsecondary institutions.

Recent changes
The Academic Libraries survey component is new to IPEDS for the 2014-15 collection cycle. The Academic Libraries component for IPEDS replaced the previous Academic Libraries Survey, which was collected from degree-granting postsecondary institutions every other year in odd-numbered years. The new Academic Libraries component is mandatory and will be collected annually in the spring starting with the 2014-15 data collection cycle. Visit the Academic Libraries Resource page for more information on reporting changes.

Data Reporting Reminders
Report all data for fiscal year (FY) 2014. Fiscal year 2014 is defined as the most recent 12-month period that ends before October 1, 2014, that corresponds to the institution’s fiscal year.

Coverage:
A screening question in the Institutional Characteristics (IC) Header component determines the institutional level of reporting for degree-granting institutions on the Academic Libraries component. If the total library expenditures = 0, the institution will not submit the Academic Libraries component. If annual total library expenditures are > 0, the institution will submit Section I of the Academic Libraries component. Institutions with total library expenditures >$100,000 will report additional expenditures and interlibrary services information in Section II of the Academic Libraries component.

You may use the space below to **provide context** for the data you've reported above.
The UW-Madison data provided includes libraries administered by the General Library System (GLS) (13), and campus library affiliates: Law, Health, Education, WI Historical Library, Map, Space Science, Cooperative Childrens Book Center CCBC, Engineering and School of Library Science (SLIS) libraries. There are numerous independent campus libraries which are excluded from the 'non-collections data' as reported in our standard annual statistics (i.e. ALS, ARL and ACRL). NOTE: Figures provided are primarily derived from the most recent annual Association of Research Libraries (ARL) statistical survey for FY2013-2014. The ARL report collects, but does not report, fringe benefits nor all preservation expenditures directly. Please note, reported preservation services expenditures are not all inclusive of campus library services. Efforts will be made to provide comprehensive data in future reports. Thank you.

Summary

**Academic Libraries Component Summary**

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears in your institution’s Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on your DFR. Data Feedback Reports will be available through the Data Center and sent to your institution’s CEO in November 2015.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.
