

## Academic Libraries 2021-22

Institution: University of Wisconsin-Stevens Point (240480)

User ID: 55C0011

### Overview

#### Academic Libraries Overview

Welcome to the IPEDS Academic Libraries (AL) survey component. The purpose of the AL component of IPEDS is to collect information on library collections, library staff, library expenses, and library services for libraries in degree-granting postsecondary institutions.

#### Data Reporting Reminders

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting. For example, if a summer term began later than usual due to Coronavirus Pandemic postponements, continue to report using the timeframes as defined in the IPEDS instructions. NCEC expects that some data reported during the 2021-22 data collection year will vary from established prior trends due to the impacts of Coronavirus Pandemic. If an error edit is triggered even when submitting accurate data, please indicate in the corresponding context box or verbally to the Help Desk that the seemingly inconsistent data are accurate and reflect the effects of Coronavirus Pandemic.
- Report all data for fiscal year (FY) 2021. Fiscal Year 2021 is defined as the most recent 12-month period that ends before October 1, 2021, that corresponds to the institution's fiscal year.

#### Changes to reporting for 2021-22:

There are no changes to this survey component.

#### Coverage

Include data for the main or central academic library and all branch and independent libraries that were open all or part of the Fiscal Year 2021. Branch and independent libraries are defined as auxiliary library service outlets with quarters separate from the central library that houses the basic collection. The central library administers the branches. Libraries on branch campuses that have separate IPEDS unit identification numbers are reported as separate libraries.

## Summary

### Academic Libraries Component Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2021.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or [ipedshelp@rti.org](mailto:ipedshelp@rti.org).

Edit Report

Academic Libraries

Source	Description	Severity	Resolved	Options
<b>Screen: Collections/Circulation/Interlibrary Loan Services and Staff</b>				
Screen Entry	The number entered (1,035) is outside the expected range of between 1,270 and 2,358 compared to the prior year value. Please correct your data or explain. (Error #15015)	Explanation	Yes	
Reason	This decrease in loans and documents received is a combination of aggressive searching on the part of ILL staff to identify full text outside of our search discovery system (searching Google Scholar and other resources to find full text in lieu of submitting an ILL request). Also, increasing access to full text via aggregator databases and subscriptions to journal packages has resulted in more direct access to full text items when compared to even just one year ago.			
<b>Screen: Expenses</b>				
Screen Entry	The calculated value (149,107) is outside the expected range of between 161,912 and 336,276 compared to the prior year value. Please correct your data or explain. (Error #15027)	Explanation	Yes	
Reason	The previous year the library addressed a number of issues related to general upkeep and upgrades throughout the building. The library learned over the course of the last year that the building will be torn down starting this May so issues throughout the building that might have been addressed regarding operations and maintenance are being left unaddressed (assuming it is not a public safety issue of course).
