

## Student Financial Aid 2021-22

Institution: University of Wisconsin-Milwaukee Flex (491288)

User ID: 55C0011

### Overview

#### IPEDS Student Financial Aid Component Overview - Public Academic Reporters

Welcome to the Student Financial Aid (SFA) component. The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students and military/veteran educational benefits for all students at your institution.

#### Data Reporting Reminders:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting. For example, if a summer term began later than usual due to Coronavirus Pandemic postponements, continue to report using the timeframes as defined in the IPEDS instructions. NCES expects that some data reported during the 2021-22 data collection year will vary from established prior trends due to the impacts of Coronavirus Pandemic. If an error edit is triggered even when submitting accurate data, please indicate in the corresponding context box or verbally to the Help Desk that the seemingly inconsistent data are accurate and reflect the effects of Coronavirus Pandemic.
- Undergraduate Student Groups  
You will be asked to report information for different groups of students.
  - Group 1: All undergraduate students
  - Group 2: Of Group 1, full-time, first-time degree/certificate-seeking students (FTFT)
  - Group 3: Of Group 2, FTFT students who paid the in-state/in-district tuition rate and were awarded any grant/scholarship aid from the federal government, state/local government, or the institution
  - Group 4: Of Group 2, FTFT students who paid the in-state/in-district tuition rate and were awarded any Title IV federal student aid

\*For public institutions, include only those students paying the in-state or in-district tuition rate. For program reporters, include only those students enrolled in the institution's largest program.

- COA Revisions  
Revisions to Cost of Attendance (COA) used to calculate the net price of attendance can be made in this component. Consult the instructions and screens to make sure you are reporting the correct aid amounts for the correct groups of students.
- College Affordability and Transparency Lists  
Net price amounts calculated in SFA will be used to populate the U.S. Department of Education's College Affordability and Transparency lists.
- Interactive Edits and Error Messages  
SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at (877) 225-2568 for resolution.
- Context Boxes  
You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the information you enter can be understood easily by students, parents, and the general public.

#### Changes to reporting for 2021-22:

There is a new FAQ about reporting financial aid awards for students who attend in the summer.

## Section 1: Comparison Chart

### Comparison Chart

Reporting Reminders:

- Based on the information reported on the previous screens for Group 1 (all undergraduates) and Group 2 (full-time, first-time degree/certificate-seeking undergraduates), this comparison chart seeks to help institutions check their reported data. Assuming that the information on Groups 1 and 2 is correct, then the calculated fields for 'All Other Undergraduates' should be the balance (Group 1 minus Group 2). If the balance does not check with your institution's calculations, please correct your reported numbers for Groups 1 and 2 before moving forward with the completion of the SFA survey component.

Note:

- Data for the 'All Other Undergraduates' will appear in the IPEDS Data Center for data users, but not in College Navigator.

Student Financial Aid

Screen Entry	The number of Group 2 students who were awarded this type of aid is expected to be greater than zero for this type of institution. If this number actually is zero, please contact the IPEDS Help Desk for assistance. (Error #7316)	Explanation	Yes	
Reason	UW Flexible Option programs are specifically geared toward non-traditionally aged students who typically come to us with some college, but no degree. As such, most (and sometimes all) of our students are not first time, full time (note: most non-traditionally aged students attend part time since most also work full-time and have families). However, our programs do not specifically exclude first time, full time. These kinds of students are rare though. In this year's survey, we have one. That person received state grants, federal grants, and took Stafford loans, but did not receive any institutional grants. As such, zero is the accurate number for this entry.			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 1,236 and 2,600 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	During the pandemic, additional funds were made to students at the state, institutional, and federal level (e.g., HEERF funds). This explains the increase in the amount awarded.			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 5,513 and 6,877 when compared with the prior year value. Perform Edits	<p>You reported in Part C, line 01 that you had students who were awarded grants or scholarships from the federal government, state/local government, or the institution during the 2020-21 academic year, but you did not report any of this type of student for 2018-19 in Part E (line 02f, Col. 2). Please correct your data or explain. (Error #7335)</p> <p><b>This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.</b></p>	Explanation	Yes	
Reason	<p>UW Flexible Option programs are primarily geared toward non-traditionally aged students who typically have some prior experience in higher education (many have some college, but no degree or an associates degree). Although UW Flexible Option programs do not deliberately as a matter of policy exclude first time college students, these kinds of students are rare. Again, the programs are designed for working adults with prior experience and that's exactly who the population is overwhelmingly made up of. Occasionally, but rarely, however, a true, first time college student will enroll. This is why there will be variation from year to year.</p>
