Overview

Cost Overview

The purpose of the Cost (CST) component is to collect information on student charges for Cost of Attendance estimates and to calculate an Average Net Price (ANP) for first-time, full-time undergraduate students to meet requirements of the Higher Education Act of 1965 (HEA), as amended. This component also collects information on tuition and fees for other groups of students.

Much of the data reported on CST appear on College Navigator, which is updated only one time after CST data have been reviewed by NCES. Therefore, any data reporting errors may stay on College Navigator for a full year.

Additionally, the ANP calculation has important implications for what students see about your institution, and also for the College Affordability and Transparency Center lists.

Data Reporting Reminder:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.

Changes to reporting:

- No changes for the 2025-26 data collection period.

Resources:

- To download the survey materials for this component: [Survey Materials](#)
- To access your prior year data submission for this component: [Reported Data](#)

If you have questions about completing this survey, please contact the IPEDS Help Desk at 1-877-225-2568.

Edit Report

Cost II

Source	Description	Severity	Resolved	Options
Screen: Section 1 - Student Charges: Part B - Cost of attendance for full-time, first-time undergraduate students				
Screen Entry	This value is expected to be within 20% of the prior year amount. Please correct your data or explain. (Error #11110) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes	
Reason	With the removal of the housing question from the FAFSA, as well as rising housing/living costs, several assumptions had to be made which affected virtually all student cost of attendance amounts. We made assumptions on which students were living off campus with family, and we also assumed that these commuter students were sharing a greater portion of the family's living expenses, including Miscellaneous expenses, while living at home.			
Screen Entry	For students living Off-Campus (with family), any charges reported for food and housing are expected to be small, as it is assumed that students living at home with parents will be responsible for minimal food and housing costs. Please review your student financial aid budget(s), and if this amount is determined to be correct, please provide an explanation for the value reported. Otherwise, please revise your data. (Error #11564)	Explanation	Yes	
Reason	This is the estimated meal plan cost.			
Screen: Section 2 - Financial Aid Data: Part C - full-time, first-time degree/certificate-seeking undergraduate students Awarded Grant & Scholarship Aid

(Error #7169) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes	
Reason	Data are verified and correct as entered.

Screen Entry	The number entered is outside the expected range of between 108 and 200 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason	Data are verified and correct as entered.			
Screen Entry	The calculated average amount of grant or scholarship aid awarded to FTFT awarded Title IV Aid students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes
