9:30-10:00 Registration (coffee/decaf/tea and fruit available)

10:00-10:15 Welcome and Overview of the Day

10:15-11:15 Discussion on Impact of HIPs on Student Success Observations, with guided questions below:
   a) How do campuses approach the challenge of coordinating multiple efforts focused on the same or related goals such as “student success or equity?”
   b) What kinds of evidence and data collection prove to be most helpful in guiding efforts to enhance the quality and equity of the student experience and what lessons have we learned about ways to gather, assess, and make effective use of such evidence?
   c) How has the design of this particular project contributed to the outcomes and lessons we can discern so far?
   d) How does your work offer insights into how to support student success and prepare your graduates for a changing world?

11:15-12:00 Campus Presentations UW-Eau Claire and UW-Green Bay
Guiding Questions for campus presentations. All universities are asked to respond to item (a) and to present their data. Please select three other questions to address.
   a) Please discuss major findings about students’ participation in HIPs and student achievement across all student groups. (required response)
   b) What institutional priorities might your project inform or address?
   c) Is your institution involved in any other projects either internally or in partnership with the broader community or both that address significant social, economic, or environmental issues? If so, what are you learning from those experiences and who are you including in the interpretation of whatever evidence you are collecting?
   d) Does the focus of your HIPs work support those other efforts?
   e) What are you learning from your work that can be shared with colleagues in other disciplines and adapted to different contexts? How might you do that?

12:00-12:30 Lunch

12:45-2:15 Campus Presentations UW-Milwaukee, UW-Parkside, and UW-Whitewater
2:00-2:15 Exploration conversations with other campuses

2:15-2:45 Next Steps: Scaling HIPs: large group discussion*
   a) What examples and lessons and expertise can be shared across campuses and our System that can help institutions at different stages of development of equitable environments and successful outcomes for students?
   b) What professional development needs remain to be planned and implemented?
   c) How can the System office and participating campus teams identify the resources (people, ideas, other related projects that are creating momentum and expertise, etc.) available to support and then expand this work?
   d) Where are there gaps in the support structure, knowledge, and tools available as well as in working relationships that might be addressed in order to enhance the capacity of each System and its constituent campuses to work together in effective ways?

2:45-3:00 University Recognitions
