CAMPUS:

FILL OUT ONE PER HIP:

Assessment plan:

1. What are your learning outcomes for this HIP?
2. How will this HIP be assessed? Provide a detailed description of the assessment approach including:
   a. What measures will be used to track this HIP? List all qualitative and quantitative measures, institutional data sets, external data etc. you will be using.
   b. Will you be using any existing tools, measures, scales, surveys etc. (if so please attach or include link).
   c. Will you be developing any tools, measures, scales, surveys? (if so please attach copy).
   d. What is the schedule for administration?
   e. Who will be administering and collecting the assessment results?
3. How will data be disaggregated?

Resources:

1. Who needs to be involved who is not currently a member of your team?
2. What additional resources are needed (beyond time and money)?
3. How can we (system office, NASH, NILOA) support you?

Communication:

1. How will you introduce the value and purpose of this work to those who are not familiar?
2. How and with whom will results be shared?
