

James A. Mendoza Álvarez is a Professor of Mathematics and Distinguished Teaching Professor at the University of Texas at Arlington, where he also serves as Graduate Director of the Master of Arts in Mathematics Program for secondary mathematics teachers. He holds a B.S. in Mathematics and Physics from Texas A & M University-Commerce and a Ph.D. in Mathematics from The University of Texas. He is currently a member of the Board of Directors for the Mathematical Association of America (MAA) and the Board of Directors of the Conference for the Advancement of Mathematics Teaching. He co-led the writing of the Classroom Practices chapter of the MAA Instructional Practices Guide and has extensive experience providing professional development for college instructors focused on increasing student retention and participation in gateway mathematics courses. He has received extensive funding from the NSF to support his research in mathematical problem solving, mathematics program development, and curriculum development.
