Collaborations in Milwaukee and Milwaukee Clinical Campus Update

Robert N. Golden, M.D.
Dean, School of Medicine and Public Health
Vice Chancellor for Medical Affairs
UW-Madison
Milwaukee Collaborations

Supported by:

• The Wisconsin Partnership Program
• UW School of Medicine and Public Health

Addressing public health challenges in Milwaukee through collaborations with the Milwaukee Health Department, community health and healthcare organizations, and educational institutions.
Wisconsin Partnership Program Collaborations

- Medical College of Wisconsin
- Center for Urban Population Health
- UW-Milwaukee
- Community-Academic Partnership Fund
- City of Milwaukee Health Department
- Milwaukee Research Sites

Wisconsin Partnership Program Collaborations
Community-Academic Partnership Fund

Wisconsin Partnership Program

$1,410,488

• 7 grants to community health organizations
• $25,000-$450,000 per grant
• Address public health needs and eliminate health disparities

• Representative Projects:
  – Improving birth outcomes in minority populations
  – Providing social support and case management for women at risk for partner violence
  – Promoting healthy and safe neighborhoods
• Promote the Milwaukee Health Department as a flagship education and training site
  – Population Health Fellowship Program
  – MPH Student Field Placements

• Address critical public health issues
  – Serving the needs of African Americans with cancer
  – City-wide effort to create a HIV/AIDS service plan

• Coordinate training and education and create public health workforce pipeline

City of Milwaukee Health Department

Wisconsin Partnership Program

$1,069,000
“The City of Milwaukee Health Department and the UW School of Medicine and Public Health have worked very hard over the last year to increase the level of collaboration between the two entities. One result is the new Coordinator who will provide teaching and mentoring for the fellows, the MPH students, and other learners.”

Bevan Baker, Milwaukee Health Commissioner
- **Survey of the Health of Wisconsin (SHOW)**, long-range study of the health status of Wisconsin residents
- **Wisconsin Health Research Network (WiNHR)**, research network of statewide healthcare organizations
- **Focus on health disparities, health status, access to care, and health promotion in underserved populations**
• Salary support for new UW-Milwaukee faculty and staff affiliated with the Center for Urban Population Health

• Establish the Regional Partnership Network with UW-Milwaukee and CUPH to reduce disparities in cancer care
Special initiative to address the health of Milwaukee public school children and to remove health related barriers to learning

Collaborative effort of the Center for Urban Population Health, UW-Milwaukee, and Milwaukee Public Schools
The Healthy Wisconsin Leadership Institute, a statewide public health leadership training program

Jointly supported by the UW School of Medicine and Public Health and the Medical College of Wisconsin

Created five community teams; one in Milwaukee to reduce risky sexual behavior among adolescents
UW School of Medicine and Public Health Collaborations

- United Community Center
- UW-Milwaukee
- Milwaukee Clinical Campus
- UW Center for Tobacco Research and Intervention
- Institute for Clinical and Translational Research
- Center for Urban Population Health
• Comprehensive human service organization serving Hispanics in Milwaukee

• Support the development of clinical and research programs for Hispanics with Alzheimer’s Disease

• Educate physicians on treatment and diagnosis of Alzheimer’s Disease in the Hispanic population
UW School of Medicine and Public Health

$50,000

UW-Milwaukee

• Support for feasibility study to explore the creation of a school of public health at UW-Milwaukee
Essential element of the School’s commitment to clinical learning experiences with urban underserved patients

Guided by the recently implemented affiliation agreement between the University and Aurora reaffirming the commitment

$500,000 annually
A partnership with Aurora Health Care, UW-Milwaukee, and the UW School of Medicine and Public Health

Focus on improving the health of urban communities through health services research, education and training, and health promotion

$380,000 annually
• Established an active outreach and research presence at Aurora Sinai for underserved populations

• Expanded smoking cessation services to other Milwaukee clinics serving minority communities

• Collaborated with a network of minority populations on tobacco control programs
- Support clinical and population health research infrastructure at Aurora Sinai

- Critical component of the School’s application for a NIH Clinical and Translational Science Award

UW School of Medicine and Public Health

$200,000 annually
