

ADVANCING UNIVERSITY OF WISCONSIN PRIORITIES IN THE SECOND SESSION OF THE 113TH CONGRESS

Kris Andrews, Assistant Vice President for Federal Relations, UWSA
Laila Robbins, Assistant Director of Federal Relations, UW-Madison

The Importance of Federal Relations

2

- **More than 30 percent of UW System's budget comes from federal sources**
- **That is more than either tuition or state GPR**

Federal Relations Goals

3

- **Increase UW's visibility**
- **Strengthen partnerships with Wisconsin's delegation and federal agencies**
- **Work with UW institutions, higher ed. associations, Governor's office, and groups with common UW interests**
- **Advocate for and expand federal support that will benefit UW students, faculty, institutions, and the state of Wisconsin**

Priority #1: Promoting a Robust System of Federal Financial Aid

4

- About 127,000 students, or 70%, receive some form of financial aid
- 78% of that aid comes from federal sources
- TRIO and GEAR UP programs serve low-income, first-generation, and disabled students
- There is both significant AND unmet need for financial aid

Priority #2: Supporting Federal R&D Funding

5

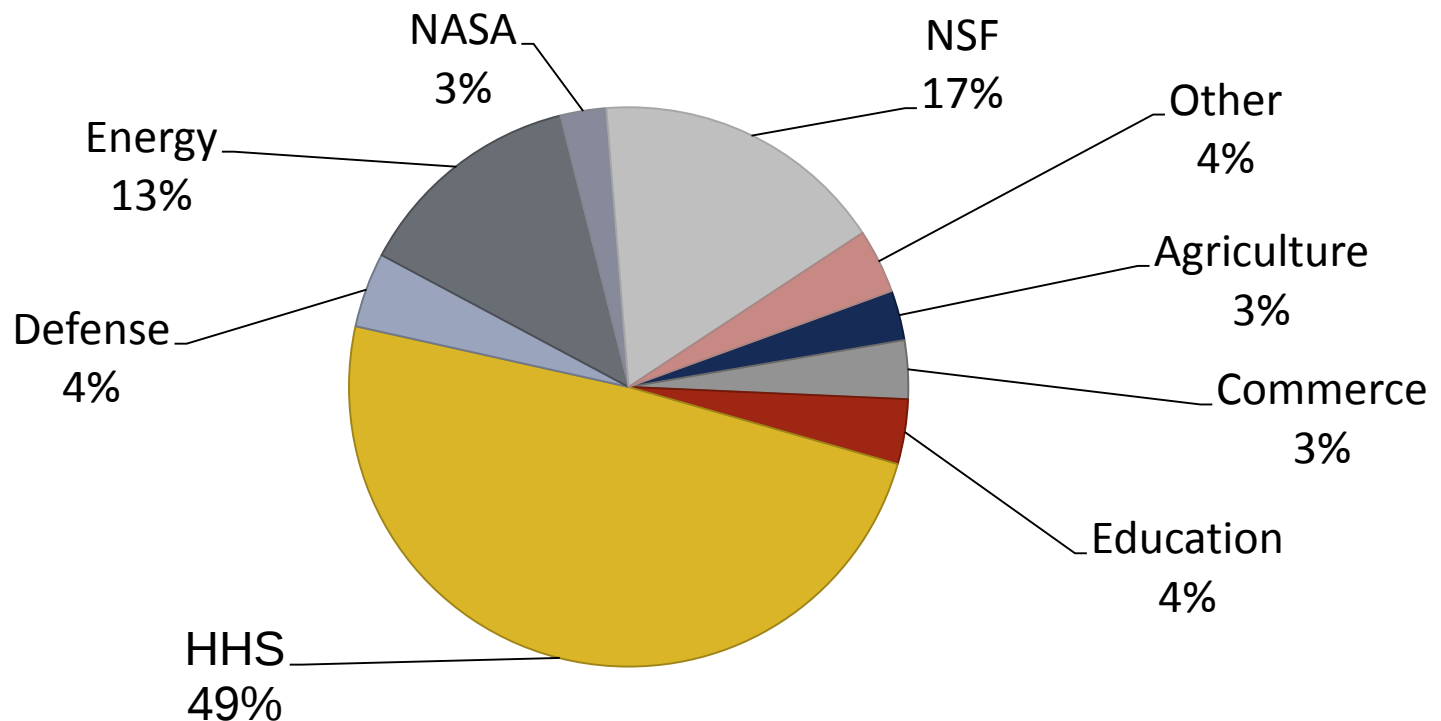

- The NIH and NSF are major partners
- Our priority is to maintain strong federal R&D funding, most notably at NSF and NIH

Priority #2: Supporting Federal R&D Funding
