Phase II APPLICATION EVALUATION REVIEWERS GUIDE

Please consider the major elements of the proposal as outlined below.

Please evaluate the Phase II application as to how well the applicant has responded in a meaningful and informative manner about how they would operate their proposed charter school.

The Office of Educational Opportunity’s rubric model does not use a numeric rating system; instead, we rely on each reviewer’s summary judgment of the elements and then require a final recommendation as discussed in each section.

Please use the following statements to frame your recommendation:

1. Acceptable and should be considered for potential charter status.
2. Not Acceptable and should not be considered for charter status.
3. Application has potential but additional information is needed. (Note: Reviewer must specify the areas of concern. This can include information needed for clarification, suggested revisions, and information that might make the application more complete.)

Please consider the whole document and avoid focusing on one aspect in making a final recommendation. It is anticipated that the applicant interviews and committee discussion may impact final recommendations.

Process to be followed to incorporate reviewer comments and recommendation:

1. All reviewers will be expected to make a summary judgment using the same rubric.
2. After reviewer comments have been completed the Selection Committee will make recommendations to the Office of Educational Opportunity Director who will compile a letter to each applicant detailing their status within the application process. In cases where additional information is required, the Director shall secure the requested information for the Selection Committee prior to a final recommendation to the Office and the UW System President.
3. When the Selection Committee makes an acceptable recommendation, the Director shall review the results and make a summary recommendation to the System President. The President shall be informed in a summary fashion about the program, substantive basis for the recommendation and a timeline for potential implementation of the charter. The Director shall prepare these documents.
4. The recommendation of the Director shall be final in these matters. If the Director decides not to accept the recommendation, the Selection Committee shall be informed of this decision.
5. If a recommendation for authorization is accepted then contract negotiations will commence.
6. If acceptable contract terms are reached, the Director will seek the approval of the contract from the Board of Regents.
7. No charter will be granted without the approval of the Board of Regents.

Overall Assessment (complete this section last by electronically highlighting your recommendation)

- [ ] Accept for further consideration
- [ ] Deny
- [ ] Resubmit with modifications for further consideration

Please use this rubric to guide your assessment of the Phase II application.

The last page provides space to make your final recommendation and provide evidence to support your recommendation.

Each section presents criteria for a response that meets the application requirement; these criteria should guide the overall rating for the section.

The Strengths and Concerns boxes provide space to identify data and other evidence that supports the rating. The rationale for each rating is important, especially if some of the data or evidence does not fit neatly into the criteria provided.

The following definitions should guide the ratings:

**Meets the Standard:**

The response reflects a thorough understanding of key issues and demonstrates capacity to open and operate a quality charter school. It addresses the topic with specific and accurate information that shows thorough preparation and presents a clear, realistic picture of how the school expects to operate.

**Partially Meets the Standard:**

The response addresses most of the criteria, but the responses lack meaningful detail and require important additional information.

**Does Not Meet the Standard:**

The response lacks meaningful detail, demonstrates lack of preparation, or otherwise raises substantial concerns about the applicant’s understanding of the issue in concept and/or ability to meet the requirement in practice.
