A Health Savings Account (HSA) is an individually-owned, tax-advantaged account you can use to pay for current or future eligible health care expenses. With an HSA, you’ll have the potential to build more savings for health care expenses or additional savings through self-directed investment options.

**What are the benefits of an HSA?**

- Pre-tax contributions reduce your taxable income.
- Post-tax contributions are tax deductible.
- Make changes to your contribution at any time.
- Distributions for eligible health care expenses are tax free.
- HSA funds carry over year-to-year without forfeiture.
- Contributions to your HSA belong to you, even if you retire or change employment.¹
- Grow your savings over time by earning interest.
- After age 65, your funds can be withdrawn for any purpose without penalty (subject to regular income taxes).

**How does it work?**

- You can contribute to your HSA via payroll deduction or by online transfer from your personal bank account to your HSA. Your employer (if eligible for employer contribution) or third parties, such as a spouse or parent, may contribute to your account as well.
- You can pay for eligible health care expenses with your TASC Card or pay out-of-pocket. If you pay out-of-pocket, you can either choose to reimburse yourself or keep the funds in your HSA to grow your savings.
- Manage your HSA account 24/7 via the TASC Benefits mobile app or TASC Online account at [https://partners.tasconline.com/ETFEmployee](https://partners.tasconline.com/ETFEmployee).

**Who is eligible?**

The following individuals are eligible for the HSA, provided they meet all HSA eligibility requirements and are enrolled in an It’s Your Choice (IYC) High Deductible Health Plan (HDHP):

- State employees, except those who are eligible for the graduate assistant/short term academic staff benefits package and are not in the Wisconsin Retirement System, are eligible to participate.
- Limited Term Employees (LTEs) who are eligible for the State of Wisconsin Group Health Insurance Program are eligible to participate.
- Retirees younger than age 65 are eligible to participate. Retirees enrolled in the IYC HDHP/HSA benefit option must keep their HSA open and active, and pay the $3.00 monthly HSA service fee.

**Who is not eligible?**

The following are not eligible for the HSA:

- Short-term academic staff not in the Wisconsin Retirement System
- Graduate assistants
- Retirees older than 65 years of age
- Subscribers not enrolled in an IYC HDHP
- Subscribers with disqualifying other health coverage that pays out-of-pocket health care expenses before meeting the plan deductible, such as a spouse’s non-HDHP health plan, Medicare, or a Health Care Flexible Spending Account. See Disqualifying Other Coverage and Permitted Other Coverage on page 4 for more information.

²: Contributions from all sources combined, such as employee, employer, and third parties (i.e., parent, spouse, or anyone else) must not exceed these limits.
³: Health Savings Accountholders that meet these qualifications are eligible to make an HSA Catch-Up Contribution of $1,000: age 55-65 (regardless of when in the year an accountholder turns 55), not enrolled in Medicare (if an accountholder enrolls in Medicare mid-year, catch-up contributions should be pro-rated).

This is the amount the Internal Revenue Service (IRS) allows to be contributed to an individual HSA. If a married individual’s spouse also has an HSA, the two can only contribute up to the total contribution limit between the two HSAs. If you are eligible, your employer may contribute up to $750 individual/$1,500 family.

¹: Employees that terminate employment but keep HSA open and active pay the $3.00 monthly HSA service fee.
HSA Eligibility Requirements

To be eligible for the Health Savings Account (HSA), the subscribing participant:

- **Must** be covered by an It’s Your Choice (IYC) High Deductible Health Plan (HDHP).
- **Cannot** have any other health coverage that pays for out-of-pocket health care expenses before meeting the plan deductible (including Medicare). See Disqualifying Other Coverage section below for more details.
- **Cannot** be claimed as a dependent on another person’s tax return (unless it’s your spouse).

Disqualifying Other Coverage

- You cannot have any other health coverage that pays for out-of-pocket health care expenses before you meet your IYC HDHP deductible, including Medicare A and B.
- You cannot be covered by TRICARE, or have accessed your Veterans Administration (VA) benefits in the past 90 days (to contribute to an HSA). Exceptions may apply. See HSA Participant Guide for more details.
- You (and your spouse) cannot have a Health Care Flexible Spending Account (FSA) in the same year.

**Note:** You must notify your human resources/benefits office of any other medical coverage when enrolling in, and at any point while enrolled in, the HDHP and HSA. Other types of health coverage that pay out-of-pocket health care expenses before meeting the IYC HDHP deductible may disqualify you from the HSA, including a spouse’s non-HDHP health plan, Medicare, or a Health Care FSA.

If you are determined to be ineligible for the HSA, you may have to repay HSA contributions and your IYC HDHP enrollment may be impacted.

Permitted Other Coverage

- Certain types of other insurance are allowable:
  - Accident/liability
  - Dental care
  - Vision care
  - Long-term care
  - Disability
  - Workers compensation

  - Hospitalization
  - Specific disease or illness insurance, if the insurance pays a specific dollar amount when the policy is triggered
  - Wellness programs and worksite assistance programs (EAP) if they do not pay for significant medical benefits

Retirees Younger than 65 Year of Age

- If you are a retiree younger than age 65 and continue to meet all HSA eligibility requirements (see Enrollment Eligibility on page 3), you are eligible to continue participation in the IYC HDHP and HSA benefit option.
- If you elect to continue your IYC HDHP and HSA:
  - You **must** keep your State of Wisconsin-sponsored HSA open and active.
  - You **must** enroll in the HSA each year during open enrollment to keep your HSA active and maintain HSA contribution eligibility.
  - You will be responsible for the $3 monthly account maintenance fee.
  - HSA contributions are no longer deducted from your paycheck. You can make them via your TASC online account.

Loss of HSA Eligibility

You lose HSA eligibility as of the first day of the month you turn 65 and/or enroll in Medicare.

**Note:** Once you reach age 65, you are eligible for penalty-free withdrawals, allowing you to use your HSA funds for any reason. You can also use your HSA to pay for some insurance premiums. However, most Americans begin Medicare at age 65, therefore losing HSA eligibility. To learn more about these important changes, visit https://partners.tasconline.com/ETFEmployee.

A Health Savings Account (HSA) lets you save money tax-free to pay for health care expenses not covered by insurance. If you do not use all of your HSA funds, they carry over year-to-year without forfeiture. The money is yours, even if you leave the It’s Your Choice (IYC) High-Deductible Health Plan (HDHP) or state service.

Not only do you save on taxes, but your HSA dollars can grow over time, especially if you decide to compound your funds. The amount you save depends on how you choose to use your HSA funds.

### Building Your Nest Egg

- Funds in your HSA account will earn interest over time.
- Once your balance reaches $2,000, you may invest funds (in $100 increments) above that level in a variety of HSA investment options with varying levels of related risk and returns.

### Health Savings Account Interest Rate Disclosure

HSAs offer a triple tax advantage by making the following tax free:

- Contributions
- Distributions
- Investment earnings

HSAs are initially invested in an FDIC insured interest-bearing account with HealthcareBank, a division of Bell State Bank & Trust, as custodian for your HSA.

HealthcareBank uses the daily balance method to calculate interest on your HSA. This method applies a daily periodic rate to the principal balance in your HSA each day.

<thead>
<tr>

</tbody>
</table>

Interest rates will be paid for the portion of your daily balance within each tier.

The interest rate and APY may change at HealthcareBank’s discretion, at any time.

Interest begins to accrue no later than the business day HealthcareBank receives credit in your HSA for the deposit of non-cash items (for example, checks).

Interest is compounded and credited to your HSA monthly.

If you close your HSA before interest is credited, you will not receive the accrued interest for that month.

To find more information on interest rate and HSA investment options, visit the TASC website and click on the HSA Participant Guide.

### HSA Investment Account

A unique aspect of an HSA is the ability to invest some of your savings, which may potentially increase the value of your account for retirement. In order to invest your HSA funds, you must set up an HSA Investment Account. See the HSA Participant Guide at https://partners.tasconline.com/ETFEmployee or your TASC Online Tools & Resources for more details. Also see the next page for HSA Investment Option offerings.

If you do not elect to participate in the investment option, the funds will remain in your HSA earning interest at the rate detailed above. For the most current rates and investment options, visit your TASC Online Account. Mutual funds are not FDIC insured.
