University of Wisconsin System
Overview of Eligible Dependents under Insurance Plans

The majority of benefit plans available to UW employees provide coverage for eligible family members (dependents) but eligibility rules differ by plan. Below is an overview of dependent coverage offered and general dependent eligibility rules.

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

* Some plans extend child eligibility past the age listed if the child is disabled and relies on parent for support.
** Child loses eligibility once no longer dependent on parent for 50% of financial support and/or no longer a full-time student or if the child marries.
General Dependent Coverage Rules

- A dependent’s coverage cannot be effective before the employee’s coverage.
- A dependent can have coverage only if the employee has coverage under the plan (exception: long-term care insurance).
- If you gain a dependent after you are already enrolled in a plan:
  - You have 30 days from the date of marriage or establishment of a domestic partnership to add the spouse/domestic partner and the children of the spouse/domestic partner to your benefit plans.
  - You have 60 days from the date of birth, adoption or placement for adoption to add your child to your benefit plans.
  - Some benefit plans allow you to enroll in coverage when you gain a dependent through marriage, birth, adoption or placement for adoption. See the Life Events page for details.
- If you would like to add a domestic partner to Individual and Family Life Insurance and/or Accidental Death and Dismemberment, you must establish a domestic partnership for benefit purposes with the UW System.
- Foster children and temporary wards are not eligible dependents under any benefit plans – the child must be a permanent legal ward in order to be eligible for coverage.
- If a child was a full-time student under age 27 at the time he or she was called to federal active military duty, the child is eligible to be covered as a dependent after age 26 under the State Group Health, EPIC Benefits+ and Dental Wisconsin plans. The child must apply to an institution of higher education as a full-time student within 12 months of the date he or she fulfilled his or her active duty obligation.

Qualifying Child
