If you contribute your full annual election you can incur eligible expenses through the end of the plan year.

For UW System Employees Applying for a Wisconsin Retirement System (WRS) Retirement Benefit

## Applying for a WRS Annuity

**(or lump sum retirement benefit)**

You can request a retirement benefit estimate and application up to one year in advance of your retirement by either submitting an online request or contacting the Dept. of Employee Trust Funds (ETF) at 1-877-533-5020. This is the form you will need to submit to ETF to begin receiving your annuity.

You can submit your completed application to ETF up to 90 days before your official employment termination date. In order to have an immediate annuity and continue most of your benefits, you must submit your application to ETF no later than 90 days after your official employment termination date.

Use ETF’s online calculators to estimate your monthly annuity, determine your variable excess or deficiency, help you understand whether or not you should select an accelerated annuity benefit, calculate tax withholding on your annuity payment, or buy back forfeited or qualifying service.

## UW Tax-Sheltered Annuity (TSA) 403(b)

Contributions will end automatically on your last paycheck. You may also stop contributions at any time by filing a Salary Reduction Agreement. After termination of employment (or at age 59½ or later if still employed) you may withdraw some or all your account and you will not be subject to an early withdrawal tax penalty. Contact your provider(s) directly for more information. Provider contact information can be accessed on the TSA Program web page.

## Wisconsin Deferred Compensation (WDC) 457

Contributions will end automatically on your last paycheck. You may also stop contributions at any time by contacting Wisconsin Deferred Compensation directly. After termination of employment you may withdraw some or all your account and you will not be subject to an early withdrawal tax penalty. Contact WDC at 877-457-9327 for more information.

## Accrued Leave Time

**(Vacation, Paid Leave Bank, Personal Holidays, Compensatory Time)**

Talk to your human resources office to determine if there are any restrictions about how unused accrued leave at retirement can be paid out to you. Generally, there are two options:

1. Receive a lump-sum payment for accrued vacation and other leave time owed to you on either your final paycheck or a separate check after your termination date. You may defer most of the lump sum payment to your UW Tax-Sheltered Annuity (TSA) 403(b) and/or Wisconsin Deferred Compensation (WDC) 457 account(s) – annual contribution limits apply. You will need to work with your payroll office to set up the deduction to coincide with the paycheck that contains the lump-sum payout. This payment is not reportable for WRS purposes.

2. Use any accrued time to remain on payroll after your last physical day of employment. If you elect this option, your retirement date is your last day paid (not last day worked). If you remain on payroll, you will continue to accrue leave, receive your regular earnings and be eligible for all benefit deductions. All earnings will be reportable to the WRS. **This option requires employer approval.**

#### Using Sick Leave Credits to Pay for Health Insurance

There are two programs that determine the value of your sick leave credits at retirement, the Accumulated Sick Leave Conversion Credit Program (ASLCC) Program and the Supplemental Health Insurance Conversion Credit Program (SHICC). Use the online [Sick Leave Estimator](#) to estimate the value of your sick leave credits.

The **ASLCC Program** allows the conversion of unused sick leave to pay for State Group Health Insurance in retirement, as well as at death, layoff or termination with 20 years of state/UW WRS service. Under this program, accumulated sick leave is multiplied by the your highest base hourly rate of pay and converted to credits to pay State Group Health Insurance premiums.

The **SHICC Program** allows employees who have at least 15 years of continuous state service to earn sick leave credits in addition to those provided by the ASLCC program. Eligible employees earn up to 52 supplemental credits/year for years 1-24 of service and up to 104 supplemental credits/year for years 25 and beyond. Note: The number of supplemental credits may not exceed the actual number of sick leave hours an employee has accumulated.

For additional information about the programs, review ETF’s [Sick Leave Credit Conversion Program](#) brochure.

#### Employee Assistance Program (EAP)

The EAP provides you and members of your household with confidential resources to address personal concerns and/or legal/financial situations. Services are provided at no cost to you and/or the members of your household for 12 months following your retirement. Review the [EAP webpage](#) for additional information.
