| ☐ Submit a retirement letter to your supervisor and institution human resources office. Include last day of employment. Example: I am retiring and my last day of employment will be Month, Day, Year. Faculty/instructional academic staff are encouraged to submit their retirement letter 6-12 months before retirement for course planning purposes. |
| ☐ Use ETF’s Income Tax Withholding Calculator to help you determine your take-home annuity amount. |
| ☐ Submit retirement application to ETF. Can be submitted up to 90 days prior to retirement date. Refer to: How to Fill Out Your Retirement Estimates Application (ET-4310). Note: The Termination Date on back page of retirement application must be the same as your last day employed as indicated in your retirement letter submitted to your supervisor and human resources. |
| ☐ If eligible for Social Security benefits, apply 3 months before you want the benefit to begin. |
| ☐ Review payout options of banked leave – extend time on payroll and/or receive a lump sum distribution. Consider contributing all or part of the payout on a pre-tax basis to your 403(b) and/or WDC 457 account. |
| ☐ If you have remaining funds in your healthcare Flexible Spending Account (FSA), consider arranging for remaining FSA deductions to be taken from final check. |
| ☐ If your spouse is a UW System or State employee, consider having your spouse become subscriber of insurance plans (health, dental, and/or vision). Have spouse complete appropriate applications which can be found on the Forms & Resources web page. Must be done within 30 days from the date of your retirement. |
| ☐ If your spouse/domestic partner is a UW System employee, consider having your spouse/domestic partner become subscriber of Individual & Family Life Insurance and/or Accidental Death & Dismemberment Insurance plans. Have spouse complete appropriate applications which can be found on the Forms & Resources web page. Must be done within 30 days from the date of your retirement. |

The State Group Health Insurance Plan has Medicare supplement plan options. Medicare Part A enrollment is generally automatic. You must apply for Medicare Part B. If changing state group health plan due to you and/or your spouse being Medicare eligible at time of retirement, complete and submit a Health Insurance Application/Change for Retirees (ET-2331) to ETF.
