

## **Title and Total Compensation Study May 2018**

Advisory Council Colleagues,

Our efforts on the Title and Total Compensation Study (TTC) continue. Unfortunately, due to schedule conflicts with a number of Advisory Council members, this month's update is provided via email. We will reconvene by phone on Tuesday, June 12<sup>th</sup>, 2018 at 3:00 pm. Dial-in information will be provided closer to the meeting date.

Highlights of TTC activities for April include:

- Updating of the Job Framework based on feedback received throughout the UW ([see here](#))
- Continued work on the draft standardized Job Descriptions for all job groups/sub-group
- On-going employee engagement, communication and socialization of the standardized Job Description concept ([see here](#))
- Initial mapping of current job titles to the new job framework

In the June meeting, we will review these areas and provide a more detailed update.

As always, thank you for your continued support in this very important work.

**Shenita Brokenburr, UW System Administration**  
**Wayne Guthrie, UW-Madison**
