

During the Annual Benefits Enrollment (ABE) period, institutions may organize benefits and/or wellness fairs to give employees an opportunity to meet with the benefit plan vendors in-person or virtually.

This is a schedule of the fairs that will be held at each institution in addition to a list of the institutions that will not have in-person benefits fairs during ABE; however, will have virtual sessions available to them.

During the virtual benefit sessions, benefit vendors will provide information about the benefits plans. The sessions will give employees an opportunity to ask questions in a group setting. Dates and times of the sessions can be accessed on the [UW System Benefits & Wellness Fairs web page](#).

For questions about your institution benefit or wellness fair, contact your [institution human resources contact](#).
