**UW System Board of Regents Resolution 9058:**

**Review of Employment Policies and Practices**

The Board of Regents recognizes the need to review and reform the employment policies and procedures within the University of Wisconsin System. Given that recognition, no new concurrent or “back-up” appointments will be granted until the Regents are satisfied that processes are in place to ensure two principles are being followed: 1) No one will be paid for not working; and 2) People will be paid at a rate commensurate with their current job, not any prior one.

Therefore, upon the recommendation of the President of the UW System and the Business and Finance Committee,

1. The Board of Regents supports the President’s suspension of the practice of granting administrative back-up appointments for new employees and the granting of further indefinite academic staff back-up appointments unless approved by the UW System President. This suspension will remain in effect until lifted by the Board of Regents. With input from appropriate governance groups, position titles designated as limited appointments shall be reviewed, and the practice of negotiating fixed-term contracts for administrators in lieu of limited term appointments shall be considered. A report on that assessment will be presented to the Board of Regents no later than its November, 2005 meeting;

2. Because the Board of Regents shares the deep concerns of citizens of the state and legislators over the criminal activity of any of our employees, the Board of Regents directs and requires that the UW System determine and establish policies and procedures to assure to the public and the Legislature that any employee charged with a felony will be immediately investigated and disciplinary action, if any, will be determined in a timely manner. In the event such policies and procedures are precluded by applicable law, the Board of Regents and the UW System President will work with the Legislature to enact appropriate changes to the law to effectuate the intent of this resolution. Nothing herein shall preclude institutions from otherwise following normal disciplinary procedures;

3. All UW institutions shall be required to seek approval from the UW System President for any settlement involving the termination of a limited appointee. Such settlements shall be reported to the Board of Regents;

4. UW System Administration shall revise its policy such that when administrators return to their faculty position, they will be compensated at a salary rate consistent with other faculty members of the same rank in the department (when considering years of service, previous salary as a faculty member, length of time served as an administrator and other factors normally considered when setting faculty salaries). The UW System Office of Human Resources shall approve all such salaries along with appropriate justification prior to implementation;
(5) All UW institutions shall require that employees who are returning to the faculty from an administrative position, and are being offered transition time to prepare to teach, shall provide the equivalent of a sabbatical proposal and subsequent report of work accomplished during the transition. The transition period should be no longer than one academic semester unless the person has served in a limited position for five or more years, whereby two academic semesters may be allowed;

(6) UW System Administration, in consultation with UW institutions, shall develop a revised sick leave policy by October 1, 2005 that specifies the time period after which a health professional’s certification for use of sick leave will be required;

(7) The Board of Regents shall review and approve as appropriate the total compensation package for the President and each Chancellor; and

(8) In light of Sarbanes-Oxley regulations, the President shall review and prepare for the Board a recommendation on whether the internal audit function is sufficient and whether the System Auditor shall report directly to the President and the Board.
