ARCHITECT/ENGINEER SUPERVISOR

I. DEFINITION

ARCHITECT/ENGINEER SUPERVISOR

This is professional supervisory work in the field of architecture or engineering. Positions allocated to this title perform professional architectural or engineering work related to the design, construction, operation, and maintenance of state-owned buildings and property, and may directly supervise a work unit of permanently assigned professional architectural or engineering positions or a combination of trade and technical bargaining unit employees who perform work related to the design, construction, operation, and maintenance of state-owned buildings and property. Work is performed under general supervision.

II. QUALIFICATIONS

The qualifications required for these positions will be determined at the time of recruitment.
