MEDIA PROGRAM SUPERVISOR

I. TITLE DEFINITIONS

MEDIA PROGRAM SUPERVISOR

The positions in this title definition are professional supervisory positions which administer major technical engineering programs. Positions are responsible for program planning, policy and procedure input and development, budget development and management, and supervision of staff within their respective program area. Positions in this title are responsible for the administrative planning, budget, design, construction, operations, and/or maintenance of advanced telecommunications systems. Operating through mid level supervisors, these positions are responsible for operations, maintenance and/or production. Positions allocated to this level differ from those of lower level supervisors in the number, variety, and complexity of the programs administered; the size and complexity of the budgets administered; the scope and impact of the programs; the complexity of the program planning and policy and procedure development for the assigned programs; and the number and complexity of technical and supervisory staff supervised.
