

DIAGNOSTIC IMAGING SUPERVISOR

I. DEFINITION

DIAGNOSTIC IMAGING SUPERVISOR

This is responsible supervisory work related to the performance of diagnostic imaging procedures for client-owned animals at the Veterinary Medical Teaching Hospital (VMTH). Positions allocated to this classification effectively recommend the hire, transfer, suspension, layoff, recall, promotion, discharge, assignment, evaluation, discipline, and adjustment of grievances of subordinate employees; train, assign work to, and review the work of Diagnostic Radiologic Technicians; develop and revise technical operating procedures/protocols; perform maintenance and repair on equipment or initiate appropriate action to have it repaired; maintain inventory of supplies and maintenance schedules; maintain records; and provide instruction to professional veterinary students and residents. Positions may perform the work of a Diagnostic Radiologic Technician, as needed. Positions function under the general supervision of the Hospital Administrator.

II. QUALIFICATIONS

The qualifications required for these positions will be determined at the time of recruitment.
