AS/LI leave reporting procedures

ACTION NEEDED

☐ Enter reassignment in Job Data with reassignment effective date (1st of the month following declaration of voluntary reassignment)

☐ Determine leave transfer/pay outs and complete the Voluntary Movement Absence Worksheet

☐ Personal Holiday

- If reassignment to AS/LI is effective on January 2 - June 30, employee will not be granted a new personal holiday allocation and any unused personal holiday from CP/US position will be transferred to AS/LI position. These hours will expire on June 30th following the date of reassignment.
- If reassignment to AS/LI is effective on July 1 - January 1, employee will be granted a new 36 PH allocation and any unused PH from CP/US position should be paid out on employee’s last bi-weekly paycheck.

☐ Vacation

- To determine vacation balances or payouts, follow below formula:

  US Vacation Carryover + US Vacation + AS/LI Vacation Entitlement \( \rightarrow \) AS/LI Vacation – if this combination of hours exceeds 176 hours, transfer remaining hours into AS/LI Vacation Carryover up to 176 hours. If hours are still remaining, payout must be performed.

  I.e. US Vacation Carryover = 100 hours, US Vacation = 108 hours, AS/LI Vacation Entitlement = 176 hours
  
  \[ 100 + 108 + 176 = 384 \]

  AS/LI Vacation Entitlement is already maxed out at 176 hours, transfer 176 hours into AS/LI Vacation Carryover, 32 hours still remain. Pay out 32 hours of US Vacation Carryover on last bi-weekly paycheck.

- If employee has overused US Vacation as of the reassignment date, you must transfer the negative balance to the AS/LI Vacation bucket.

☐ Comp Time

- Pay out any comp time on last bi-weekly paycheck. Comp time may not carry forward.

☐ Adjust any General Deductions (parking, gym fees, partners in giving donation, etc.) to reflect the monthly payroll instead of bi-weekly.

☐ Monitor last bi-weekly paycheck and first monthly paycheck to ensure employee does not overpay benefit premiums. WiscIT may be required to stop premium deductions on monthly paycheck if employee has already paid on bi-weekly paycheck.
