1. DEFINITIONS

In this document, the following terms are defined as:

(a) "Mechanical, electrical, or plumbing subcontractor" ("MEP Subcontractor") is a contractor that performs mechanical (Heating, Ventilating, and Air Conditioning, electrical, plumbing, or fire protection (fire suppression) work for the Project, and enters into a contract with the General Prime Contractor to perform their division of work.

(b) "Qualified bidder" means a contractor that the department certifies under Wis. Stat. s. 16.855(9m)(b)1.

(c) "Qualified responsible bidder" means a contractor who is a qualified bidder and who is a responsible bidder.

(d) "Responsible bidder" means a contractor that the department certifies under Wis. Stat. s. 16.855(9m)(b)2.

(e) "Single prime contracting" means bidding and contracting through a process in which only a general prime contractor has a contractual relationship with the owner and all mechanical, electrical, or audio visual subcontractors are identified by the department and are subcontractors to the General Prime Contractor.

(f) "General Prime Contractor" is a contractor that enters into a contract with the owner to perform all work as required by the Contract Documents and enters into contracts with subcontractors including MEP Subcontractors identified by the Owner.

(g) "Non-MEP Subcontractor" is a subcontractor to a General Prime Contractor in divisions of work other than mechanical, electrical, plumbing, and fire protection. This includes suppliers and installers to the General Prime Contractor.

(h) "Subcontractor" is all subcontractors on a project. This includes MEP Subcontractors, subcontractors to the MEP Subcontractors, and Non-MEP Subcontractors.
(i) "Contractor" is all contractors working on a project regardless of contractual relationship. This includes the
General Prime Contractor, MEP Subcontractors, Non-MEP Subcontractors, and all Subcontractors, regardless of tier of
subcontract.

2. GENERAL
Time for bid opening shall be the prevailing central standard or daylight saving time in force at Madison, Wisconsin, on
the date set forth in the Invitation to Bid.

All potential bidders must be certified by DOA prior to submitting bids on state construction projects over $50,000. All
bids received from contractors who are not certified will be rejected. Contractor certification applications and instructions
for completing the form may be obtained from the DOA Website Contractor Certification page:

The Owner will issue an addendum if a successful MEP bid is withdrawn or rejected after the MEP Subcontractors have
been identified but before the General Prime Contractor bid opening. This addendum will include a revised list of
successful MEP bids that must be included in General Prime Contractor bids and will move the General Prime Contractor
bid opening five days later to allow bidders sufficient time to update their bids based on the revised MEP list.

Before submitting a bid, the Bidder shall examine all of the Bidding Documents listed in the Table of Contents of these
specifications. The successful Bidder will be required to do all work which is shown on the drawings, mentioned in the
specifications or reasonably implied as necessary to complete the division of work being bid for this project.

Failure to visit the site or failure to examine any and all Bidding Documents will in no way relieve the successful Bidder
from the necessity of furnishing any materials or equipment, or performing any work, that may be required to complete
the work in accordance with the Bidding Documents. Neglect of above requirements will not be accepted as reason for
delay in the work or additional compensation.

All bidders shall have established and diligently maintained a satisfactory safety program, and if eligible for Experience
Modification Rating (EMR), must have a rating of 1.20 or less as established by the Wisconsin Compensation Rating
Bureau (WCRB) or the National Council on Compensation Insurance (NCCI).

3. DRAWINGS AND SPECIFICATIONS
The drawings and specifications that form a part of these Bidding Documents are all the documents (drawings,
specifications, etc) in this invitation to bid.

Complete sets of Bidding Documents for all trades will be issued to all Bidders, irrespective of the category of work to be
bid on, in order that all Bidders may be familiar with the work of other trades as they affect their bid.

4. INTERPRETATION
No verbal explanation or instructions will be given in regard to the meaning of the drawings or specifications during the
bid period. Bidders shall bring inadequacies, omissions or conflicts to the Architect/Engineer's attention at least ten (10)
days before the date set for bid opening. Prompt clarification will be supplied to all bidders of record by addendum.

Failure to so request clarification or interpretation of the drawings and specifications will not relieve the successful Bidder
of responsibility. Signing of the subcontract with the General Prime Contractor will be considered as implicitly denoting
that the MEP Subcontractor has thorough understanding of the scope of work and comprehension of the Bidding
Documents.

Neither the Architect/Engineer nor the Owner will be responsible for verbal instructions.

5. MANDATORY PRE-BID DOA CERTIFICATION
All potential bidders must become certified as qualified and responsible bidders before they can bid on state projects
over $50,000. The criteria for determining certification of qualified and responsible bidders are itemized in Wis. Stat. s.
16.855(9m). If the Owner determines that more experience is necessary for a particular project, the Owner may include
additional requirements.
6. BID GUARANTEE
A bid bond prepared on the Bid Bond Form bound herein, payable to the Owner in the amount not less than 10% of the maximum bid shall accompany each bid as a guarantee. A bank certified check or a cashier’s check may accompany each bid as a guarantee pursuant to Wis. Stat. s. 779.14(1m)(c)2.b. and 779.14(1s). Failure to enter into the contract with the Owner (including failure to obtain certificate of insurance and separate 100% performance and 100% payment bonds) with the General Prime Contractor may result in forfeiture of the Bid Bond. The company issuing the Bonds must be licensed to do business in Wisconsin.

Any bid which is not accompanied by a bid guarantee will not be accepted and will not be read at the bid opening.

All checks tendered as bid guarantee, except those of the three lowest bidders, will be returned to their makers within three (3) days after bid opening. All such retained checks will be returned immediately upon execution of the contract between the General Prime Contractor and the MEP Subcontractor.

7. WITHDRAWAL OF BIDS
Prior to the time fixed for bid opening, bids may be withdrawn by written request from the Bidder, without prejudice to the right of the Bidder to file a new bid. Withdrawn bids will be returned unopened.

After the bid has been opened, negligence on the part of the Bidder in preparing their bid confers no right for withdrawal of the bid without penalty.

If a bid contains an error, omission, or mistake, the bidder may limit liability to the amount of their bid guarantee by giving the Owner written Notice, within seventy-two (72) hours of the MEP bid opening, of their intent not to execute the contract with the General Prime Contractor. If no such notice is given, the Owner reserves the right to obtain the amount of the difference in bid price between the low bidder and the next low bidder.

8. MEP BIDDER IDENTIFICATION
Within five (5) days of the MEP bid opening, the Owner will identify a lowest, qualified, responsible, certified MEP Subcontractor in each applicable MEP division of work (as long as the cost does not exceed the amount of project funds available).

The lowest dollar amounts submitted by qualified, responsible, certified bidders on the SEPARATE BASE BIDS for various specified mechanical, electrical, plumbing, and fire protection divisions of the work; or

The lowest dollar amount submitted by qualified, responsible, certified bidders on the COMBINED BASE BIDS for any combination of the Separate Base Bids for various specified mechanical, electrical, plumbing, and fire protection divisions of the work.

The Owner reserves the right to reject any and all bids, or to waive any informality in any bid, or to accept any bid which will serve the best interest of the Owner.

9. MEP SUBCONTRACT WITH GENERAL PRIME CONTRACTOR
The General Prime Contractor will offer the successful MEP Bidder(s) a subcontract. A contract entered into between a General Prime Contractor and a MEP Subcontractor must include a scope of work clause identical to the scope of work clause included in the MEP Subcontractor bid documents. A General Prime Contractor and an MEP Subcontractor may not enter any agreement in connection with bids submitted that would alter or affect the scope or price of the contracts entered into. This prohibition does not apply to the Owner change orders that result in changes to the plans or specifications, or to back charges allowed by the contract.

The General Prime Contractor must base the Project Schedule on the schedule that the MEP Subcontractors and General Prime Contractors bid on (in the specifications or bid instructions), unless otherwise agreed to by the MEP Subcontractor.

As the work progresses under any MEP subcontract for construction of a project, the General Prime Contractor shall, upon request of a subcontractor, pay to the subcontractor an amount equal to the proportionate value of the subcontractor’s work properly completed, less retainage.
The retainage shall be an amount equal to not more than 5 percent of the subcontractor’s work completed until 50 percent of the subcontractor’s work has been completed. At 50 percent completion, no additional amounts may be retained, and partial payments shall be made in full to the subcontractor unless the department certifies that the subcontractor’s work is not proceeding satisfactorily. At 50 percent completion or any time thereafter when the progress of the subcontractor’s work is not satisfactory, additional amounts may be retained but the total retainage may not be more than 10 percent of the value of the work completed. Upon substantial completion of the subcontractor’s work, any amount retained shall be paid to the subcontractor, less the value of any required corrective work or uncompleted work. All payments the General Prime Contractor makes under this paragraph shall be within 7 calendar days after the date on which the General Prime Contractor receives payment from the Owner.

The contract entered into between the General Prime Contractor and an MEP Subcontractor must contain all of the following clauses:

**Scope of Work.** The MEP Subcontractor scope of work is identical to the General Prime Contractor scope of work included in the bidding and contract documents. By submitting and signing a bid, all bidders have examined all of the Bidding Documents listed in the Table of Contents of the project specifications. The successful bidders will be required to do all work which is shown on the drawings, mentioned in the specifications, or reasonably implied as necessary to complete the division of work bid for this project.

**Prompt Payment.** (General prime contractor) shall pay (mechanical, electrical, or plumbing subcontractor) in accordance with section 16.855(19)(b), Wisconsin stats., for work that has been satisfactorily completed and properly invoiced by (mechanical, electrical, or plumbing subcontractor). A payment is timely if it is mailed, delivered, or transferred to (mechanical, electrical, or plumbing subcontractor) by the deadline under section 16.855(19)(b), Wisconsin stats.

If (mechanical, electrical, or plumbing subcontractor) is not paid by the deadline in this contract, (general prime contractor) shall pay interest on the balance due from the eighth day after the (general prime contractor) receives payment from the Owner for the work for which payment is due and owing to (mechanical, electrical, or plumbing subcontractor), at the rate specified in section 71.82, Wisconsin stats., compounded monthly.

A (mechanical, electrical, or plumbing subcontractor) that receives payment as provided under this contract and that subcontracts with another entity shall pay those subcontractors, and be liable for interest on late payments to those subcontractors, in the same manner as the (general prime contractor) is required to pay the (mechanical, electrical, or plumbing subcontractor) under this contract.

**Insurance and Bonds.** (Mechanical, electrical, or plumbing subcontractor) shall not commence work under this contract until it has obtained all necessary insurance required of (mechanical, electrical, or plumbing subcontractor) in the contract between the (general prime contractor) and the Owner. (Mechanical, electrical, or plumbing subcontractor) shall provide a separate 100 percent performance bond and a separate 100 percent payment bond to the benefit of the (general prime contractor) as the sole named obligee. Original bonds shall be given to the (general prime contractor) and a copy shall be given to the Owner no later than 10 days after execution of this contract.

**Indemnification.** To the fullest extent permitted by law, (mechanical, electrical, or plumbing subcontractor) shall defend, indemnify, and hold harmless (general prime contractor) and its officers, directors, agents, and any others whom (general prime contractor) is required to indemnify under its contract with the department, and the employees of any of them, from and against claims, damages, fines, penalties, losses, and expenses, including but not limited to attorney fees, arising in any way out of or resulting from the performance of the work under this contract, but only to the extent such claim, damage, fine, penalty, loss, or expense: (1) is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of property, including but not limited to loss of use resulting therefrom and is caused by the negligence, or acts or omissions, of (mechanical, electrical, or plumbing subcontractor), its subcontractors, any of their employees, and anyone directly or indirectly employed by them or anyone for whose acts they may be liable, or (2) as related to such claims, damages, fines, penalties, losses, and expense of or against (general prime contractor), results from or arises out of the negligence of the (general prime contractor) or other fault in providing general supervision or oversight of the work of (mechanical, electrical, or plumbing subcontractor) or (3) as related to claims,
damages, fines, penalties, losses, and expense against the Owner, arises out of the department’s status as
owner of the project or project site.
In addition (mechanical, electrical, or plumbing subcontractor) shall defend, indemnify, and hold harmless
(general prime contractor) and its officers, directors, agents, and any others (general prime contractor) is
required to indemnify under its contract with the department, and the employees of any of them, from any
liability, including liability resulting from a violation of any applicable safe place act, that (general prime
contractor) or the owner incurs to any employee of (mechanical, electrical, or plumbing subcontractor) or any
third party where the liability arises from a derivative claim from said employee, when the liability arises out of
the failure of the (general prime contractor) or the owner to properly supervise, inspect, or approve the work or
work area of (mechanical, electrical, or plumbing subcontractor), but only to the extent that the liability arises
out of the acts or omissions of (mechanical, electrical, or plumbing subcontractor), its employees, or anyone
for whom (mechanical, electrical, or plumbing subcontractor) may be liable, or from (mechanical, electrical, or
plumbing subcontractor’s) breach of its contractual responsibilities or arises out of (general prime contractor’s)
negligence or other fault in providing general supervision or oversight of (mechanical, electrical, or plumbing
subcontractor’s) work or arises out of the Owner’s status as owner of the project or project site. In claims
against (general prime contractor) or the owner by an employee of (mechanical, electrical, or plumbing
subcontractor) or its subcontractors or anyone for whose acts (mechanical, electrical, or plumbing
subcontractor) may be liable, the indemnification obligation of this paragraph is not limited by a limitation on
amount or type of damage, compensation, or other benefits payable by or for the (mechanical, electrical, or
plumbing subcontractor) subcontractors under workers compensation act.
Except as identified above, the obligations of (mechanical, electrical, or plumbing subcontractor) under this
indemnification do not extend to the liability of (general prime contractor) and its agents or employees arising
out of (1) preparation or approval of maps, drawings, opinions, reports, surveys, change orders, designs, or
specifications; (2) the giving of or failure to give directions or instructions by the (general prime contractor) or
the University of Wisconsin System Administration or their agents or employees provided the giving or failure
to give is the cause of the injury or damage; or (3) the acts or omissions of other subcontractors.

Retainage. Retainage shall occur and be in amounts and on a schedule equal to that in the contract between
(general prime contractor) and the Owner.

10. CONTRACT INTERESTS BY STATE PUBLIC OFFICIALS

immediate family, nor any organization with which the state public official or a member of the official’s immediate family

contract or lease involving a payment or payments of more than $3,000 within a twelve (12) month period, in whole or in
part derived from state funds unless the state public official has first made written disclosure of the nature and extent of
such relationship or interest to the board and to the department acting for the state in regard to such contract or lease.
Any contract or lease entered into in violation of this subsection may be voided by the owner in an action commenced
within three (3) years of the date on which the ethics board, or the department or officer acting for the state in regard to
the allocation of state funds from which such payment is derived, knew or should have known that a violation of this
subsection had occurred. This subsection does not affect the application of s.946.13.

(c) "Qualified responsible bidder" means a contractor who is a Qualified bidder and who is a Responsible bidder.

(d) "Responsible bidder" means a contractor that the department certifies under Wis. Stat. s. 16.855(9m)(b)2.

(f) "General Prime Contractor" ("GPC") is a contractor that enters into a contract with the owner to perform all work as required by the Contract Documents and enters into contracts with subcontractors including MEP Subcontractors identified by the Owner.

(g) "Non-MEP Subcontractor" is a subcontractor to a General Prime Contractor in divisions of work other than mechanical, electrical, plumbing, and fire protection. This includes suppliers and installers to the General Prime Contractor.

(h) "Subcontractor" is all subcontractors on a project. This includes MEP Subcontractors, subcontractors to the MEP Subcontractors, and Non-MEP Subcontractors.
(i) "Contractor" is all contractors working on a project regardless of contractual relationship. This includes the General Prime Contractor, MEP Subcontractors, Non-MEP Subcontractors, and all Subcontractors, regardless of tier of subcontract.

2. GENERAL

Time for bid opening shall be the prevailing central standard or daylight saving time in force at Madison, Wisconsin, on the date set forth in the Invitation to Bid.

All potential bidders must be certified by DOA prior to submitting bids on state construction projects over $50,000. All bids received from contractors who are not certified will be rejected. Contractor certification applications and instructions for completing the form may be obtained from the DOA Website Contractor Certification page: https://doa.wi.gov/Pages/DoingBusiness/ContractorCertification.aspx.

The Owner will issue an addendum if a successful MEP bid is withdrawn or rejected after the MEP Subcontractors have been identified but before the General Prime Contractor bid opening. This addendum will include a revised list of successful MEP bids that must be included in General Prime Contractor bids and will move the General Prime Contractor bid opening five (5) days later to allow bidders sufficient time to update their bids based on the revised MEP list.

Before submitting a bid, the Bidder shall examine all of the Bidding and Contract Documents listed in the Table of Contents of these specifications. The successful Bidder will be required to do all work which is shown on the drawings, mentioned in the specifications or reasonably implied as necessary to complete the contract for this project.

Failure to visit the site or failure to examine any and all Bidding and Contract Documents will in no way relieve the successful Bidder from the necessity of furnishing any materials or equipment, or performing any work, that may be required to complete the work in accordance with the Bidding and Contract Documents. Neglect of above requirements will not be accepted as reason for delay in the work or additional compensation.

All bidders shall have established and diligently maintained a satisfactory safety program, and if eligible for Experience Modification Rating (EMR), must have a rating of 1.20 or less as established by the Wisconsin Compensation Rating Bureau (WCRB) or the National Council on Compensation Insurance (NCCI).

3. DRAWINGS AND SPECIFICATIONS

The drawings and specifications that form a part of these Bidding Documents are all the documents (drawings, specifications, etc) in this invitation to bid.

Complete sets of Contract Documents for all trades will be issued to all Bidders, irrespective of the category of work to be bid on, in order that all Bidders may be familiar with the work of other trades as they affect their bid.

4. INTERPRETATION

No verbal explanation or instructions will be given in regard to the meaning of the drawings or specifications during the bid period. Bidders shall bring inadequacies, omissions or conflicts to the Architect/Engineer's attention at least ten (10) days before the date set for bid opening. Prompt clarification will be supplied to all bidders of record by addendum.

Failure to so request clarification or interpretation of the drawings and specifications will not relieve the successful Bidder of responsibility. Signing of the contract will be considered as implicitly denoting that the Contractor has thorough understanding of the scope of work and comprehension of the contract documents.

Neither the Architect/Engineer nor the Owner will be responsible for verbal instructions.

5. MANDATORY PRE-BID DOA CERTIFICATION

All potential bidders must become certified as qualified and responsible bidders before they can bid on state projects over $50,000. The criteria for determining certification of qualified and responsible bidders are itemized in Wis. Stat. s. 16.855(9m). If the Owner determines that more experience is necessary for a particular project, the Owner may include additional requirements.
6. BID GUARANTEE
A bid bond prepared on the Bid Bond Form bound herein, payable to the Owner in the amount not less than 10% of the
maximum bid shall accompany each bid as a guarantee. A bank certified check or a cashier’s check may accompany
each bid as a guarantee pursuant to Wis. Stat. s. 779.14(1m)(c)2.b. and 779.14(1s). Failure to enter into the contract
with the Owner (including failure to obtain certificate of insurance and separate 100% performance and 100% payment
bonds) may result in forfeiture of the Bid Bond. The company issuing the Bonds must be licensed to do business in
Wisconsin.

Any bid which is not accompanied by a bid guarantee will not be accepted and will not be read at the bid opening.

All checks tendered as bid guarantee, except those of the three lowest bidders, will be returned to their makers within
three (3) days after bid opening. All such retained checks will be returned immediately upon execution of the contract
between the General Prime Contractor and the Owner.

7. WITHDRAWAL OF BIDS
Prior to the time fixed for bid opening, bids may be withdrawn by written request from the Bidder, without prejudice to the
right of the Bidder to file a new bid. Withdrawn bids will be returned unopened.

After the bid has been opened, negligence on the part of the Bidder in preparing their bid confers no right for withdrawal
of the bid without penalty.

If a bid contains an error, omission, or mistake, the bidder may limit liability to the amount of their bid guarantee by giving
the Owner written Notice, within seventy-two (72) hours of the bid opening, of their intent not to execute the contract with
the owner. If no such notice is given, the Owner reserves the right to obtain the amount of the difference in bid price
between the low bidder and the next low bidder.

8. CONTRACT FORM
These specifications include a copy of the contract the successful Bidder is required to enter into with the owner. Bidders
shall read and understand the conditions contained in this contract. The successful Bidder will be offered a contract via

Any contract or lease entered into in violation of this subsection may be voided by the owner in an action commenced
within three (3) years of the date on which the ethics board, or the department or officer acting for the state in regard to
the allocation of state funds from which such payment is derived, knew or should have known that a violation of this
subsection had occurred. This subsection does not affect the application of s.946.13.

The Bidder shall disclose on the date of submitting a bid for this project, the name of any construction business of which
the Bidder has had a 25% or greater interest as a shareholder, officer, partner, or owner at any time during the preceding

to pay the prevailing wage rate or at least 1.5 times the hourly basic rate of pay for hours worked in excess of the
prevailing hours of labor to any employee at any time within the preceding three (3) years.

21. SUBCONTRACTORS

GENERAL PRIME CONTRACTOR SUBCONTRACT WITH MEP SUBCONTRACTORS:

The successful General Prime Contractor shall offer a subcontract to the successful MEP Subcontractors identified by
the Owner and included in the General Prime Contractor's bid. This subcontract between a General Prime Contractor
and a MEP Subcontractor must include a scope of work clause identical to the scope of work clause included in the Bid
Documents and the contract between the General Prime Contractor and the owner. A General Prime Contractor and an
MEP Subcontractor may not enter any agreement in connection with bids submitted that would alter or affect the scope
or price of the contracts entered into. This prohibition does not apply to the Owner change orders that result in changes
to the plans or specifications, or to back charges allowed by the contract.

The General Prime Contractor must base the Project Schedule on the schedule that the MEP Subcontractors and
General Prime Contractors bid on (in the specifications or bid instructions), unless otherwise agreed to by the MEP
Subcontractor.

As the work progresses under any MEP subcontract for construction of a project, the General Prime Contractor shall,
on request of a subcontractor, pay to the subcontractor an amount equal to the proportionate value of the
subcontractor's work properly completed, less retainage. The retainage shall be an amount equal to not more than 5
percent of the subcontractor's work completed until 50 percent of the subcontractor's work has been completed. At 50
percent completion, no additional amounts may be retained, and partial payments shall be made in full to the
subcontractor unless the department certifies that the subcontractor's work is not proceeding satisfactorily. At 50 percent
completion or any time thereafter when the progress of the subcontractor's work is not satisfactory, additional amounts
may be retained but the total retainage may not be more than 10 percent of the value of the work completed. Upon
substantial completion of the subcontractor's work, any amount retained shall be paid to the subcontractor, less the value
of any required corrective work or uncompleted work. All payments the General Prime Contractor makes under this
paragraph shall be within 7 calendar days after the date on which the General Prime Contractor receives payment from
the department.

The contract entered into between the General Prime Contractor and an MEP Subcontractor must contain all of the
following clauses:

Scope of Work. The MEP Subcontractor scope of work is identical to the General Prime Contractor scope of
work included in these bidding and contract documents. By submitting and signing a bid, all bidders have
examined all of the Bidding Documents listed in the Table of Contents of the project specifications. The
successful bidders will be required to do all work which is shown on the drawings, mentioned in the
specifications, or reasonably implied as necessary to complete the division of work bid for this project.

Prompt Payment. (General prime contractor) shall pay (mechanical, electrical, or plumbing subcontractor) in
accordance with section 16.855(19)(b), Wisconsin stats, for work that has been satisfactorily completed and
properly invoiced by (mechanical, electrical, or plumbing subcontractor). A payment is timely if it is mailed,
delivered, or transferred to (mechanical, electrical, or plumbing subcontractor) by the deadline under section
16.855(19)(b), Wisconsin stats.

If (mechanical, electrical, or plumbing subcontractor) is not paid by the deadline in this contract, (general prime
contractor) shall pay interest on the balance due from the eighth day after the (general prime contractor)
receives payment from the University of Wisconsin System Administration for the work for which payment is
due and owing to (mechanical, electrical, or plumbing subcontractor), at the rate specified in section 71.82,
Wisconsin stats., compounded monthly.

A (mechanical, electrical, or plumbing subcontractor) that receives payment as provided under this contract
and that subcontracts with another entity shall pay those subcontractors, and be liable for interest on late
payments to those subcontractors, in the same manner as the (general prime contractor) is required to pay the
(mechanical, electrical, or plumbing subcontractor) under this contract.

Insurance and Bonds. (Mechanical, electrical, or plumbing subcontractor) shall not commence work under
this contract until it has obtained all necessary insurance required of (mechanical, electrical, or plumbing
subcontractor) in the contract between the (general prime contractor) and the University of Wisconsin System
Administration. (mechanical, electrical, or plumbing subcontractor) shall provide a separate 100 percent performance bond and a separate 100 percent payment bond to the benefit of the (general prime contractor) as the sole named obligee. Original bonds shall be given to the (general prime contractor) and a copy shall be given to the University of Wisconsin System Administration no later than 10 days after execution of this contract.

**Indemnification.** To the fullest extent permitted by law, (mechanical, electrical, or plumbing subcontractor) shall defend, indemnify, and hold harmless (general prime contractor) and its officers, directors, agents, and any others whom (general prime contractor) is required to indemnify under its contract with the Owner, and the employees of any of them, from and against claims, damages, fines, penalties, losses, and expenses, including but not limited to attorney fees, arising in any way out of or resulting from the performance of the work under this contract, but only to the extent such claim, damage, fine, penalty, loss, or expense: (1) is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of property, including but not limited to loss of use resulting therefrom and is caused by the negligence, or acts or omissions, of (mechanical, electrical, or plumbing subcontractor), its subcontractors, any of their employees, and anyone directly or indirectly employed by them or anyone for whose acts they may be liable, or (2) as related to such claims, damages, fines, penalties, losses, and expense of or against (general prime contractor), results from or arises out of the negligence of the (general prime contractor) or other fault in providing general supervision or oversight of the work of (mechanical, electrical, or plumbing subcontractor) or (3) as related to claims, damages, fines, penalties, losses, and expense against the University of Wisconsin System Administration, arises out of the department's status as owner of the project or project site.

In addition (mechanical, electrical, or plumbing subcontractor) shall defend, indemnify, and hold harmless (general prime contractor) and its officers, directors, agents, and any others (general prime contractor) is required to indemnify under its contract with the department, and the employees of any of them, from any liability, including liability resulting from a violation of any applicable safe place act, that (general prime contractor) or the owner incurs to any employee of (mechanical, electrical, or plumbing subcontractor) or any third party where the liability arises from a derivative claim from said employee, when the liability arises out of the failure of the (general prime contractor) or the owner to properly supervise, inspect, or approve the work or work area of (mechanical, electrical, or plumbing subcontractor), but only to the extent that the liability arises out of the acts or omissions of (mechanical, electrical, or plumbing subcontractor), its employees, or anyone for whom (mechanical, electrical, or plumbing subcontractor) may be liable, or from (mechanical, electrical, or plumbing subcontractor's) breach of its contractual responsibilities or arises out of (general prime contractor's) negligence or other fault in providing general supervision or oversight of (mechanical, electrical, or plumbing subcontractor's) work or arises out of the University of Wisconsin System Administration's status as owner of the project or project site. In claims against (general prime contractor) or the owner by an employee of (mechanical, electrical, or plumbing subcontractor) or its subcontractors or anyone for whose acts (mechanical, electrical, or plumbing subcontractor) may be liable, the indemnification obligation of this paragraph is not limited by a limitation on amount or type of damage, compensation, or other benefits payable by or for the (mechanical, electrical, or plumbing subcontractor) subcontractors under workers compensation act.

Except as identified above, the obligations of (mechanical, electrical, or plumbing subcontractor) under this indemnification do not extend to the liability of (general prime contractor) and its agents or employees arising out of (1) preparation or approval of maps, drawings, opinions, reports, surveys, change orders, designs, or specifications; (2) the giving of or failure to give directions or instructions by the (general prime contractor) or the University of Wisconsin System Administration or their agents or employees provided the giving or failure to give is the cause of the injury or damage; or (3) the acts or omissions of other subcontractors.

**Retainage.** Retainage shall occur and be in amounts and on a schedule equal to that in the contract between (general prime contractor) and the University of Wisconsin System Administration.

22. COMMENCEMENT AND COMPLETION
The successful General Prime Contractor Bidder shall commence work upon an executed contract with Owner. The General Prime Contractor shall not Mobilize until the date to be specified in a written "Notice to Proceed" issued by the Owner, and to fully complete all the work for Substantial Completion no later than 06/27/2025/05/22/2026. Completion time will be converted to a specific date at the time the "Notice to Proceed" is issued.
The construction duration and below milestone dates are based on the current bidding schedule, and subject to modification if bidding does not proceed as planned. Refer also to General Conditions for additional information in regards to time for completion.
