Review of such submittals is not for the purpose of determining the accuracy and completeness of other information such as dimensions, quantities, and installation or performance of equipment or systems, which are the Contractor's responsibility. The Architect's review shall not constitute approval of safety precautions or construction means, methods, techniques, sequences or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

The Architect shall review and take appropriate action on Shop Drawings and other submittals related to the Work designed or certified by the Contractor's design professional, provided the submittals bear such professional's seal and signature when submitted to the Architect. The Architect's review shall be for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect shall be entitled to rely upon, and shall not be responsible for, the adequacy and accuracy of the services, certifications, and approvals performed or provided by such design professionals.

§ 3.6.4.4 Subject to Section 4.2, the Architect shall review and respond to requests for information about the Contract Documents within 7 calendar days of receipt, unless an extension is authorized by the Owner's Representative. If appropriate, the Architect shall prepare and issue supplemental Drawings and Specifications in response to the requests for information.

Subject to Section 4.2, the Architect shall prepare Change Orders and Construction Change Directives for the Owner's approval

and execution in accordance with the Contract Documents. Architect shall follow Owner's processes and documentation for Change Orders.

§ 3.6.5.2 The Architect shall maintain records relative to changes in the Work.

§ 4.2 Architect's Additional Services

The Architect may provide Additional Services after execution of this Agreement without invalidating the Agreement. Except for services required due to the fault of the Architect, any Additional Services provided in accordance with this Section 4.2 shall entitle the Architect to compensation pursuant to Section 11.3 and an appropriate adjustment in the Architect's schedule.

§ 4.2.1 Upon recognizing the need to perform the following Additional Services, the Architect shall notify the Owner and Owner's Representative with reasonable promptness and explain the facts and circumstances giving rise to the need. The Architect shall not proceed to provide the following Additional Services until the Architect receives the Owner's written authorization:

- .1 Services necessitated by a change in the Initial Information, previous instructions or approvals given by the Owner, or a material change in the Project including size, quality, complexity, the Owner's schedule or budget for Cost of the Work, or procurement or delivery method;
- .2 Services necessitated by the unforeseen enactment or revision of codes, laws, or regulations, including changing or editing previously prepared Instruments of Service;

Init.

- .3 Changing or editing previously prepared Instruments of Service necessitated by official interpretations of applicable codes, laws or regulations that are either (a) contrary to specific interpretations by the applicable authorities having jurisdiction made prior to the issuance of the building permit, or (b) contrary to requirements of the Instruments of Service when those Instruments of Service were prepared in accordance with the applicable standard of care;
- .4 Services necessitated by decisions of the Owner not rendered in a timely manner or any other failure of performance on the part of the Owner or the Owner's consultants or contractors;
- .5 Preparing digital models or other design documentation for transmission to the Owner's consultants and contractors, or to other Owner-authorized recipients;
- .6 Preparation of design and documentation for alternate bid or proposal requests proposed by the Owner;

§ 4.2.2

§ 4.2.3 The Architect shall provide Construction Phase Services exceeding the limits set forth below as Additional Services. If not detailed in the Proposal, the Architect will provide the below limits. When the limits below are reached, the Architect shall promptly notify the Owner's Representative:

- .1 2 reviews of each Shop Drawing, Product Data item, sample and similar submittals of the Contractor
- .2 XXXX visits to the site by the Architect during construction per every XXXX weeks of construction
- .3 1 inspection for any portion of the Work to determine whether such portion of the Work is substantially complete in accordance with the requirements of the Contract Documents
- .4 1 inspection for any portion of the Work to determine final completion.

§ 4.2.4 Except for services required under Section 3.6.6.5 and those services that do not exceed the limits set forth in Section 4.2.3, Construction Phase Services provided more than 90 days after (1) the date of Substantial Completion of the Work or (2) the initial date of Substantial Completion identified in the agreement between the Owner and Contractor, whichever is earlier, may be compensated as Additional Services to the extent the Architect incurs additional cost in providing those Construction Phase Services.

§ 4.2.5 If the services covered by this Agreement have not been completed within 3 months of the date of Substantial Completion shown in section 1.1.4 of this Agreement, through no fault of the Architect, extension of the Architect's services beyond that time may be compensated as Additional Services.

§ 4.2.6 Supplemental and Additional Services listed above, or in the Architect's Proposal shall not commence until notification from Owner's Representative.

ARTICLE 5 OWNER'S RESPONSIBILITIES

§ 5.1 Unless otherwise provided for under this Agreement, the Owner shall provide information in a timely manner regarding requirements for and limitations on the Project, including a written program, which shall set forth the Owner's objectives; schedule; constraints and criteria, including space requirements and relationships; flexibility; expandability; special equipment; systems; and site requirements.

§ 5.2 The Owner shall establish the Owner's budget for the Project, including (1) the budget for the Cost of the Work as defined in Section 6.1; (2) the Owner's other costs; and, (3) reasonable contingencies related to all of these costs. The Owner shall update the Owner's budget for the Project as necessary throughout the duration of the Project until final completion. If the Owner significantly increases or decreases the Owner's budget for the Cost of the Work, the Owner shall notify the Architect. The Owner and the Architect shall thereafter agree to a corresponding change in the Project's scope and quality.

§ 5.3 The Owner shall identify the Owner's Representative authorized to act on the Owner's behalf with respect to the Project. The Owner shall render decisions and approve the Architect's submittals in a timely manner in order to avoid unreasonable delay in the orderly and sequential progress of the Architect's services. The Owner may change the

Init.

Owner's Representative at any time. The Owner's Representative will not have authority to modify the cost, timing, or the Architect's scope of the work, unless the person is duly authorized by the Board of Regents of the University of Wisconsin System. Person(s) with signatory authority will be furnish upon request.

§ 5.4 The Architect shall solicit any necessary surveys to describe physical characteristics, legal limitations and utility locations for the site of the Project, and a written legal description of the site. The surveys and legal information shall include, as applicable, grades and lines of streets, alleys, pavements and adjoining property and structures; designated wetlands; adjacent drainage; rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, boundaries and contours of the site; locations, dimensions, and other necessary data with respect to existing buildings, other improvements and trees; and information concerning available utility services and lines, both public and private, above and below grade, including inverts and depths. All the information on the survey shall be referenced to a Project benchmark.

§ 5.4.1 The use of Owner provided data by the Architect shall be without contractual or legal significance unless otherwise established elsewhere in this Agreement. However, providing of data by Owner shall not relieve the Architect from the responsibility for soliciting or conducting field surveys to verify existing conditions as specified herein.

§ 5.5 Unless otherwise established to be part of the Architect's reimbursables for this Agreement, the Owner shall furnish services of geotechnical engineers, which may include test borings, test pits, determinations of soil bearing values, percolation tests, evaluations of hazardous materials, seismic evaluation, ground corrosion tests and resistivity tests, including necessary operations for anticipating subsoil conditions, with written reports and appropriate recommendations.

§ 5.6 The Owner shall provide the Supplemental Services designated as the Owner's responsibility in Section 4.1.1.

§ 5.7 Intentionally deleted.

§ 5.8 The Owner, with the Architect's assistance, shall coordinate the services of its own consultants with those services provided by the Architect. Upon the Architect's request, the Owner may furnish copies of the scope of services in the contracts between the Owner and the Owner's consultants. The Owner may furnish the services of consultants other than those designated as the responsibility of the Architect in this Agreement, or authorize the Architect to furnish them as an Additional Service, when the Architect requests such services and demonstrates that they are reasonably required by the scope of the Project. The Owner shall require that its consultants and contractors maintain insurance, including professional liability insurance, as appropriate to the services or work provided.

§ 5.9 The Owner shall furnish tests, inspections and reports required by law or the Contract Documents, such as structural, mechanical, and chemical tests, tests for air and water pollution, and tests for hazardous materials.

§ 5.10 The Owner shall furnish all legal, insurance and accounting services, including auditing services, that may be reasonably necessary at any time for the Project to meet the Owner's needs and interests.

§ 5.10.1 The Owner will distribute Bidding Documents and any necessary addenda to prospective bidders, and conduct the bid opening for the project.

§ 5.10.2 The Owner will prepare and process the contracts between the Owner and the Architect and between the Owner and Contractor.

§ 5.11 The Owner shall provide prompt written notice to the Architect if the Owner becomes aware of any fault or defect in the Project, including errors, omissions, or inconsistencies in the Architect's Instruments of Service.

§ 5.12 Intentionally deleted.

§ 5.13 Before executing the Contract for Construction, the Owner shall coordinate the Architect's duties and responsibilities set forth in the Contract for Construction with the Architect's services set forth in this Agreement. The Owner shall provide the Architect a copy of the executed agreement between the Owner and Contractor, including the General Conditions of the Contract for Construction.

§ 5.14 The Owner shall provide the Architect access to the Project site prior to commencement of the Work and shall obligate the Contractor to provide the Architect access to the Work wherever it is in preparation or progress.

§ 5.15 Within 15 days after receipt of a written request from the Architect, the Owner shall furnish the requested information as necessary and relevant for the Architect to evaluate, give notice of, or enforce lien rights.

ARTICLE 6 COST OF THE WORK

§ 6.1 For purposes of this Agreement, the Cost of the Work shall be the total cost to the Owner to construct all elements of the Project designed or specified by the Architect and shall include contractors' general conditions costs, overhead and profit. The Cost of the Work also includes the reasonable value of the labor, materials, and equipment, donated to, or otherwise furnished by, the Owner. The Cost of the Work does not include the compensation of the Architect; the costs of the land, rights-of-way, financing, or contingencies for changes in the Work; or other costs that are the responsibility of the Owner. For the purposes of this Agreement, the Project Budget is the sum of the Cost of the Work, all Architect and consultant fees, other Owner fees and costs, equipment, Furniture Fixtures and Equipment, and contingencies.

§ 6.2 The Owner's budget for the Cost of the Work is provided in Initial Information, and shall be adjusted throughout the Project as required under Sections 5.2, 6.4 and 6.5. Evaluations of the Owner's budget for the Cost of the Work, and the preliminary estimate of the Cost of the Work and updated estimates of the Cost of the Work, prepared by the Architect, represent the Architect's judgment as a design professional. It is recognized, however, that neither the Architect nor the Owner has control over the cost of labor, materials, or equipment; the Contractor's methods of determining bid prices; or competitive bidding, market, or negotiating conditions. Accordingly, the Architect cannot and does not warrant or represent that bids or negotiated prices will not vary from the Owner's budget for the Cost of the Work, or from any estimate of the Cost of the Work, or evaluation, prepared or agreed to by the Architect.

§ 6.3 In preparing estimates of the Cost of Work, the Architect shall be permitted to include contingencies for design, bidding, and price escalation; to determine what materials, equipment, component systems, and types of construction are to be included in the Contract Documents; to recommend reasonable adjustments in the program and scope of the Project; and to include design alternates as may be necessary to adjust the estimated Cost of the Work to meet the Owner's budget.

§ 6.4 If, through no fault of the Architect, the Procurement Phase has not commenced within 90 days after the Architect submits the Construction Documents to the Owner, the Owner's budget for the Cost of the Work shall be adjusted to reflect changes in the general level of prices in the applicable construction market.

§ 6.5 If at any time the Architect's estimate of the Cost of the Work exceeds the Owner's budget for the Cost of the Work, the Architect shall make appropriate recommendations to the Owner to adjust the Project's size, quality, or budget for the Cost of the Work.

§ 6.6 If the Owner's budget for the Cost of the Work at the conclusion of competitive bidding is exceeded by the lowest bona fide bid or negotiated proposal, the Owner shall

- .1 increase the budget for the Cost of the Work;
- .2 authorize rebidding or renegotiating of the Project within a reasonable time;
- .3 terminate in accordance with Section 9.5;
- .4 in consultation with the Architect, revise the Project program, scope, or quality as required to reduce the Cost of the Work; or,
- .5 implement any other mutually acceptable alternative.

§ 6.7 If the Owner chooses to proceed under Section 6.6.4, the Architect shall modify the Construction Documents as necessary to comply with the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services, or the budget as adjusted under Section 6.6.1. The Architect's modification of the Construction Documents shall be without additional compensation. In any event, the Architect's modification of the Construction Documents shall be the limit of the Architect's responsibility under this Article 6.

ARTICLE 7 OWNERSHIP OF DOCUMENTS

§ 7.1 All drawings and specifications, renderings, models, scale details, approved copies of shop drawings and other such documents prepared by the Architect or any consultant pursuant to this Agreement shall become the property of Owner on completion or upon termination of the Agreement, and shall be delivered to Owner upon request.

§ 7.2 Owner will not unilaterally construct additional, identical building(s) based on the architectural/engineering work of this Agreement without written agreement by the Architect. Documents prepared under this Agreement may be issued by Owner for informational purposes without additional compensation to the Architect.

§ 7.3 Specifications and isolated, detail drawings inherent to the architectural/engineering design of the Project, whether provided by Owner or generated by the Architect, shall be available to either party and each party shall have the right to use this work product for other purposes. Each party agrees to be responsible for any liability incurred by their use of this work product for other purposes.

(Paragraph deleted)

§ 7.4 Except as otherwise stated in Section 7.3, the provisions of this Article 7 shall survive the termination of this Agreement.

(Paragraph deleted)

ARTICLE 8 CLAIMS AND DISPUTES

§ 8.1 General

§ 8.1.1 The Owner and Architect shall commence all claims and causes of action, whether in contract, tort, or otherwise, against the other arising out of or related to this Agreement in accordance with the requirements of Wisconsin Law.

§ 8.1.2 To the extent permitted within UW System's authority, and to the extent damages are covered by property insurance, the Owner and Architect waive all rights against each other and against the contractors, consultants, agents, and employees of the other for damages, except such rights as they may have to the proceeds of such insurance. The Owner or the Architect, as appropriate, shall require of the contractors, consultants, agents, and employees of any of them, similar waivers in favor of the other parties enumerated herein.

(Paragraphs deleted)

§ 8.2 Claims

Architect and Owner will strive to resolve claims. Issues not settled are to be presented in writing to the Owner for review and resolution. If the Architect's claim is rejected by the Owner, the Architect shall, as a condition precedent to filing suit against the Owner (a State of Wisconsin Agency), comply with the two-step claims resolution procedure set forth in Wis. Stats. 775.01. Work shall progress during the period of any dispute or claim, unless otherwise notified by the Owner. Unless specifically agreed between the parties, venue will be in Dane County, Wisconsin.

§ 8.3 **Special Notice.** In accordance with section 19.45(6) and, if applicable, Wis. Admin. Code ch. UWS 8, no state public official, member of a state public official's immediate family, nor any organization with which the state public official or a member of the official's immediate family owns or controls at least 10% of the outstanding equity, voting rights, or outstanding indebtedness may enter into any contract or lease involving a payment or payments of more than \$3,000 within a twelve (12) month period, in whole or in part derived from state funds unless the state public official has first made written disclosure of the nature and extent of such relationship or interest to the board and to the department acting for the state in regard to such contract or lease. Any contract or lease entered into in violation of this subsection may be voided by the state in an action commenced within three (3) years of the date on which the ethics board, or the department or officer acting for the state in regard to the allocation of state funds from which such payment is derived, knew or should have known that a violation of this subsection had occurred. This subsection does not affect the application of Wis. Stat. § 946.13.

ARTICLE 9 TERMINATION OR SUSPENSION

§ 9.1 If the Owner fails to make payments to the Architect in accordance with this Agreement, such failure shall be considered substantial nonperformance and cause for termination or, at the Architect's option, cause for suspension of performance of services under this Agreement. If the Architect elects to suspend services, the Architect shall give seven days' written notice to the Owner before suspending services. In the event of a suspension of services, the Architect shall have no liability to the Owner for delay or damage caused the Owner because of such suspension of

Init.

services. Before resuming services, the Owner shall pay the Architect all sums due prior to suspension and any expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.

§ 9.2 If the Owner suspends the Project, the Architect shall be compensated for services performed prior to notice of such suspension. When the Project is resumed, the Architect shall be compensated for expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.

§ 9.3 If the Owner suspends the Project for more than 90 cumulative days for reasons other than the fault of the Architect, the Architect may terminate this Agreement by giving not less than seven days' written notice.

§ 9.4 Either party may terminate this Agreement upon not less than seven days' written notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination.

§ 9.5 The Owner may terminate this Agreement upon not less than seven days' written notice to the Architect for the Owner's convenience and without cause.

§ 9.6 If the Owner terminates this Agreement for its convenience pursuant to Section 9.5, or the Architect terminates this Agreement pursuant to Section 9.3, the Owner shall compensate the Architect for services performed prior to termination, Reimbursable Expenses incurred, and costs attributable to termination when agreed to by Owner. This includes the costs attributable to the Architect's termination of consultant and sub consultant agreements already in place prior to termination notice. All such costs are limited to accepted industry standards, and in no event may such costs include consequential damages.

§ 9.7
(Paragraphs deleted)
Intentionally deleted.

§ 9.8 Except as otherwise expressly provided herein, this Agreement shall terminate one year from the date of Substantial Completion.

§ 9.9 The Owner's rights to use the Architect's Instruments of Service in the event of a termination of this Agreement are set forth in Article 7.

ARTICLE 10 MISCELLANEOUS PROVISIONS

§ 10.1 This Agreement shall be governed by the laws of Wisconsin.

§ 10.2 Terms in this Agreement shall have the same meaning as those in the Owner's version of the AIA Document A201-2017, General Conditions of the Contract for Construction.

§ 10.3 The Owner and Architect, respectively, bind themselves, their agents, successors, assigns, and legal representatives to this Agreement. Neither the Owner nor the Architect shall assign this Agreement without the written consent of the other.

§ 10.4 If the Owner requests the Architect to execute certificates, the proposed language of such certificates shall be submitted to the Architect for review at least 14 days prior to the requested dates of execution. If the Owner requests the Architect to execute consents reasonably required to facilitate assignment to a lender, the Architect shall execute all such consents that are consistent with this Agreement, provided the proposed consent is submitted to the Architect for review at least 14 days prior to execution. The Architect shall not be required to execute certificates or consents that would require knowledge, services, or responsibilities beyond the scope of this Agreement.

§ 10.5 Nothing contained in this Agreement shall create a contractual relationship with, or a cause of action in favor of, a third party against either the Owner or Architect.

§ 10.5.1 Nothing herein shall be construed to create any express or implied contractual relationship between Owner and any of the Architect's sub consultants. This Agreement supersedes all other pre-printed or standard provision that may otherwise appear as supporting documentation or attached to this Agreement or future Amendments. This agreement is primary and controls over any prior or supplemental agreement unless this agreement is amended.

§ 10.6 Unless otherwise required in this Agreement, the Architect shall have no responsibility for the discovery, presence, handling, removal or disposal of, or exposure of persons to, hazardous materials or toxic substances in any form at the Project site.

§ 10.7 Upon Owner's written permission, the Architect shall have the right to include photographic or artistic representations of the design of the Project among the Architect's promotional and professional materials. The Architect shall be given reasonable access to the completed Project to make such representations. However, the Architect's materials shall not include the Owner's confidential or proprietary information. The Owner shall provide professional credit for the Architect in the Owner's promotional materials for the Project. This Section 10.7 shall survive the completion of this Agreement. In the event the Owner terminates this Agreement, at the Owner's discretion, the Owner will decide rights to professional credit, and authorization to use the Project in promotional and professional materials by the Architect.

§ 10.8 If the Architect or Owner receives information specifically designated as "confidential" or "business proprietary," the receiving party shall keep such information strictly confidential and shall not disclose it to any other person except to (1) its employees, (2) those who need to know the content of such information in order to perform services or construction solely and exclusively for the Project, (3) its consultants and contractors whose contracts include similar restrictions on the use of confidential information, or (4) as required under the Wisconsin Public Records Law, Wisconsin Statute § 19.31

§ 10.8.1 The receiving party may disclose "confidential" or "business proprietary" information after 7 days' notice to the other party, when required by law. The receiving party may also disclose such information to its employees, consultants, or contractors in order to perform services or work solely and exclusively for the Project, provided those employees, consultants and contractors are subject to the restrictions on the disclosure and use of such information as set forth in this Section 10.8.

§ 10.9 The invalidity of any provision of the Agreement shall not invalidate the Agreement or its remaining provisions. If it is determined that any provision of the Agreement violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and enforceable. In such case the Agreement shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing the Agreement.

§ 10.10 NONDISCRIMINATION IN EMPLOYMENT In connection with the performance of work under this Agreement, the Architect agrees not to discriminate against any employee or applicant for employment because of age, race, religion, color, handicap, sex, physical condition, developmental disability as defined in Wisconsin Statute § 51.01(5), sexual orientation or national origin. This provision shall include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Except with respect to sexual orientation, the Architect further agrees to take affirmative action to provide equal employment opportunities.

If the Architect's firm has assigned more than 50 employees to this project and not submitted this information to the Board of Regents of the University of Wisconsin in the last three years, the Architect must submit a written **Affirmative Action Plan** acceptable under Wisconsin Statutes and Administrative Code to Owner for approval within 15 working days after this Agreement is awarded.

Technical assistance regarding the plan is available from the University of Wisconsin System Administration. The Architect agrees to post in conspicuous places, available for employees and applicants for employment, the **Wisconsin Contract Compliance Law** notice to be provided by Owner that sets forth the provisions of the State of Wisconsin nondiscrimination clause. Failure to comply with the conditions of this clause may result in the Architect being declared "ineligible," termination of the Agreement, or withholding of payment.

ARTICLE 12 PERFORMANCE EVALUATION

§12.1 The Architect acknowledges that the Owner will evaluate its performance under and pursuant to this Agreement. The purpose of such evaluations includes, but is not limited to, determining whether or not the Architect responsibly performed contractual obligations and whether or not the best interests of the Owner were promoted thereby.

§ 12.2 The Owner will provide a copy of any such performance evaluations to the Architect upon request, as soon as practicable after completion of such evaluation. Any of the Architect's consultants may also receive a summary of their evaluations.

§ 12.3 The Architect or its consultant(s) may appeal results of their performance evaluations within 30 days of scoring by submitting a written request for review with the Owner to attempt to reach mutual understanding. Any such request must include the reasons for such request, and documentation necessary to substantiate their claims that initial performance evaluations were inappropriate or otherwise in error.
