Provost’s Letter of Commitment

Please submit a Letter of Commitment from the Provost, addressed to the UW System President, outlining governance processes, institutional support, quality control, assurance of resources—and if necessary, where the money to finance the program is coming from (outside sources, re-allocation, closing of programs, etc.). This letter is intended to assure the Regents that the Provost is fully behind this program, and, in fact, recommends it to the President and the Regents for adoption and inclusion into the System array. Please submit the letter to afgp@uwsa.edu. This letter will be forwarded to the President, along with the final Authorization and Cost and Revenue Projections documents, as one package.
