• Has spearheaded many collaborations not only on campus but also in the Greater La Crosse area.

In the words of Dr. Stewart:
• “Diversity, inclusion, and equity work is cyclical. We begin with the end in mind. Every accomplishment reveals another void that must be filled. Over my 22-year career at UWL, I have had highs and lows. However, at the center of the work must always remain our students. They suffer when we do not do our jobs or try to make their campus environment better. I am encouraged by all the things I have been able to accomplish in my various roles at UWL. I am however reminded how far we need to go to continue to make substantive change.”

In the words of colleagues:
• “Under Barbara's leadership, the Diversity and Inclusion Division has seen many accomplishments that continue to sustain lasting progress across the institution. This includes improved recruiting strategies and targeted events, along with a broad and sustained commitment to collaborative approaches to recruiting students, as well as a vast increase in scholarships.”—Joe Gow, Chancellor, UW-La Crosse

• “I have known and worked with Barbara for over 20 years and because of her leadership, commitment, and passion, UW-La Crosse has become a forerunner for diversity and inclusion in the University of Wisconsin System and beyond.”—Willem Van Roosenbeek, Director, LGBTQ+ Programs and Services, UW-La Crosse
