## UW SYSTEM 2005-06 ANNUAL OPERATING BUDGET

### EXECUTIVE SUMMARY

#### INTRODUCTION

The State of Wisconsin is in the process of finalizing the 2005-07 biennial budget, which is the basis for the University of Wisconsin System's 2005-06 and 2006-07 annual budgets. The Board of Regents is being asked to act on the 2005-06 annual budget and tuition rates at this time. The board will act on the 2006-07 annual budget and tuition rates in June 2006. The proposed 2005-06 annual budget and tuition rates are based on the Legislative Budget. The final budget may change due to subsequent actions by the Governor.

This executive summary is divided into the following four sections:

- I. the 2005-07 biennial budget;
- II. the 2005-06 annual budget;
- III. 2005-06 recommended tuition rates; and
- IV. auxiliary operations and other funds.

#### MAJOR FEATURES

##### I. THE 2005-07 BIENNIAL BUDGET

The 2005-07 biennial budget continues the recent pattern of operational budget reductions for the University of Wisconsin System. State funding will decrease by \$22 million while tuition increases will generate \$100 million. This funding is not adequate to cover the projected \$179 million in anticipated cost increases for fringe benefits, debt service, and utilities. UW System institutions have little control over these costs. The balance of the \$179 million and the other budget increases will be funded from \$125 million in reductions to existing UW System operational budgets.

<i>These anticipated new costs...</i>	<i>Amount</i>
Utilities, Debt Service, Fringe Benefits	\$178,733,700
Financial Aid and Student Technology Fee	\$15,550,000
Board of Regent Initiatives	\$1,664,000
Governor's Initiatives	\$7,711,200
Legislative Initiatives	-\$53,800
Total Legislative Budget	\$203,605,100
<i>... will be funded from the following sources:</i>	
State (GPR) Funding	-\$22,271,200
Tuition Increases	\$100,470,300
UW System Operations Reductions (incl. 2.3% cut)	\$125,406,000
Total Legislative Budget	\$203,605,100

See Appendix A for a detailed summary of 2005-07 biennial budget funding changes.

As noted above, \$125 million in UW System operational reductions are required during the upcoming biennium in order to fully fund ongoing cost increases (\$179 million) and other new expenditures. These operational reductions are on top of the \$50 million GPR reduction in 2002-03 and another \$250 million GPR reduction in 2003-05 (offset in part by \$150 million in tuition increases).

Fiscal Year/Biennium	GPR Operations Reductions	Tuition Offsets	Net Reductions
2002-03	\$50,000,000	\$0	\$50,000,000
2003-05	\$250,000,000	\$150,000,000	\$100,000,000
2005-07 *	\$125,406,000	\$0	\$91,000,000

\* Includes the \$34.4 million to be held in the Joint Committee on Finance account, which may be released as part of a supplementation process.

UW System institutions are increasingly challenged to continue to provide access and quality services to students and the state at a time when new costs exceed new revenues. UW System institutions are required to eliminate 200 administrative positions during the 2005-07 biennium, including 100 in 2005-06 and another 100 in 2006-07. In addition, 146.42 FTE positions would be eliminated in 2006-07 due to provisions related to the potential sale of power plants currently operated by UW System institutions. These reductions are on top of 450 positions lost during the 2003-05 biennium. The Governor proposed adding 125 new faculty positions in 2006-07, but the Joint Committee on Finance removed 120 of the new positions and the associated funding.

The GPR appropriation for UW System Administration is reduced by \$3 million biennially. This represents more than 15% of the total appropriation.

## II. 2005-06 ANNUAL BUDGET

In annual terms, the Legislative Budget identified \$96 million in anticipated new costs for the UW System during the 2005-06 fiscal year. The vast majority of these new costs, \$93 million, are for utilities, debt service, fringe benefits, financial aid, and the student technology fee. The remainder is for the High Demand Faculty Initiative (\$1.7 million), Alzheimer's Research (\$1 million), and the Rock County/Platteville Engineering Initiative (\$0.6 million). Although there is an increase in new costs, budget reductions result in a decrease in state funding of \$12.5 million. Tuition increases will provide \$36 million of the new costs and \$73 million will come from operational reductions (including \$1.5 million from UW System Administration). Also, UW System institutions will be required to eliminate 100 FTE administrative positions during the 2005-06 fiscal year.

<i>These anticipated new costs ...</i>	<i>Amount</i>
Utilities, Debt Service, Fringe Benefits	\$86,343,200
Financial Aid and Student Technology Fee	\$6,651,100
Board of Regent Initiatives	\$582,000
Governor's Initiatives	\$2,772,600
Legislative Initiatives	-\$64,400
Total Legislative Budget	\$96,284,500
<i>... will be funded from the following sources:</i>	
State (GPR)	-\$12,451,100
Tuition	\$36,118,200
UW System Reallocations	\$72,617,400
Total Legislative Budget	\$96,284,500

Although not included in the Legislative Budget, the 2005-06 annual budget for the UW System will be increased to reflect health insurance estimates and compensation increases. The following table details these estimates, including the 2% pay plan recommendation made by the Office of State Employment Relations in May. As shown below, the calculation of the 2005-06 UW System budget starts with the 2004-05 base and adds the amounts in the Legislative Budget, the estimated health insurance and pay plan amounts, and academic fee continuing appropriation changes, including credit outreach.

#### GPR/Fee Funding Changes From 2004-05 To 2005-06

	GPR	Fees	Total
<b>2004-05 Budget</b>	<b>\$992,904,091</b>	<b>\$807,142,103</b>	<b>\$1,800,046,194</b>
Adjustments for 2005-06			
Legislative Budget	-\$12,451,100	\$36,118,200	\$23,667,100
Net changes for Estimated Health Insurance and Pay Plan	\$10,987,851	\$776,567	\$11,764,418
Academic Fee Continuing Appropriation Changes, including Credit Outreach	\$0	\$15,858,384	\$15,858,384
<b>Subtotal – 2005-06 Changes</b>	<b>-\$1,463,249</b>	<b>\$52,753,151</b>	<b>\$51,289,902</b>
<b>2005-06 Budget</b>	<b>\$991,440,842</b>	<b>\$859,895,254</b>	<b>\$1,851,336,096</b>

After pay plan and other adjustments, GPR will decrease by \$1.5 million which will make up 24.05% of the total funding for the University of Wisconsin System in 2005-06. This is down from 25.57% in 2004-05, continuing the downward trend in GPR support as a percent of the total budget.

After pay plan and other adjustments, tuition revenue will increase by \$52.8 million in 2005-06. Tuition support will represent 20.86% of the total UW System budget, up slightly from 20.79% in 2004-05.

Table A-1 provides a detailed allocation of changes in GPR/fee funding by institution from 2004-05 to 2005-06.

### III. 2005-06 RECOMMENDED TUITION RATES

During the 2005-06 fiscal year, tuition rates will increase to fund the tuition share of increased costs approved by the Joint Committee on Finance, to offset the projected continued reductions in nonresident enrollments, and to pay the traditional tuition share of the 2% pay plan increase for 2005-06 recommended by the Office of State Employment Relations. Recommended tuition increases are 6.9% for most resident undergraduate students. Consistent with recent practice, tuition increases for most other students are at the same dollar amount as undergraduate resident students. As shown in Table B-1, recommended dollar increases will be \$364 per year at UW-Madison, \$356 per year at UW-Milwaukee, and \$277 per year at the UW Comprehensives universities and the UW Colleges.

The UW System has seen a decline of 949 nonresident undergraduate students in the last three years. This is likely the result of the legislatively mandated surcharge of an additional 5% for nonresident students during the 2001-03 biennium. Although resident tuition rates are near the bottom of peer rankings, nonresident rates are among the highest, as much as 25% above the peer median.

Year	Nonresident Undergraduates (Headcount)	Change From Previous Year
2002-03	10,258	-360
2003-04	9,800	-458
2004-05	9,669	-131
	<b>Total:</b>	<b>-949</b>

Tuition increases over the last four years are shown below. While the percentage increases for resident undergraduate students have been larger than for nonresidents, the dollar increases for nonresidents have been more than twice that of resident students. Increasing nonresident rates by the same dollar amount will result in nonresident students sharing in the additional costs of providing a quality experience for UW System students, but would keep nonresident tuition rates from becoming even less competitive.

In addition to the general \$364 increase for most UW-Madison students, recommended tuition for Law School students will increase by another 5% for residents and \$750 per semester for nonresidents as the second phase of a four year quality improvement plan. See Section B for more information on the Law School initiative.

Legislative action to date requires the Board of Regents to provide a remission of academic fees of 50% to 100% to certain eligible veterans and their families. Section B provides more information on these remissions. No new funding was provided for these additional remissions, and the costs are not included in the recommended 2005-06 tuition rates. The additional costs are estimated to fall within a range of \$4.4 to \$12.2 million annually. UW System institutions will monitor the costs of these remissions during the upcoming fiscal year.

#### IV. AUXILIARY OPERATIONS AND OTHER FUNDS

Recommended segregated fee rate increases average 8.8% for 2005-06. Reasons for the rate increases include:

- Student approved facility enhancements related to Student and Recreation Centers at Whitewater, Oshkosh, Superior, Stevens Point, Parkside, and River Falls.
- Higher costs associated with supply and expenses, utilities, and debt service. Table C-3 provides a more detailed explanation of all the segregated fee increases.

Recommended segregated fee increases at the UW Colleges average 6.9%. Increases are largely due to student activity funding requirements and program enhancements related to academic skill centers.

Recommended Room and Board rates increased an average of 5.1%. Increases are primarily attributed to the following:

- New and renovated residence halls and facility maintenance projects at Stout, Milwaukee, La Crosse, Oshkosh, River Falls, Platteville, and Stevens Point.
- Higher costs associated with compensation, debt service, supply and expenses, and utilities.

The 2005-06 auxiliary operations budget includes adjustments covering increased compensation, supplies and expenses, added health care costs, new services, and additional capital expenditures. Planned expenditures will decrease 4.4% in 2005-06 to \$546.45 million. The decrease is a result of transferring academic program revenue operations from auxiliary accounts (Fund 128) to other program revenue operating receipts (Fund 136). The transfer occurred to differentiate between self-supporting auxiliary operations and other ancillary activities highly related to instruction.

Total Other Funds will continue to comprise a larger share of the total UW System budget. Revenue from these sources will increase \$188.4 million, a 9% increase over 2004-05, and will support 54.86% of the total budget. This is an increase from 53.64% in 2004-05. Total Other Funds include auxiliaries, federal and private gifts, grants, and contracts, other operating receipts, noncredit instruction, and trust funds.

**B. ACADEMIC TUITION AND  
REFUND POLICY AND SCHEDULE**

## ***2005-06 TUITION RATES***

Recommended Tuition Increases. Recommended tuition increases for resident undergraduate students are 6.9% at UW-Madison, UW-Milwaukee, and the UW Comprehensive universities for the 2005-06 academic year. Consistent with recent Board practice, recommended tuition increases for most other student groups are at the same dollar amount as those for undergraduate resident students (\$364 at UW-Madison, \$356 at UW-Milwaukee, and \$277 at the UW Comprehensive universities and the UW Colleges for the academic year). For market factor reasons tuition at the Medical and Veterinary schools will not be increased. The recommended 2005-06 tuition schedule is shown in Table B-1.

Table B-2 lists all UW System differential tuition programs and rates for 2005-06. A description of these programs is provided in Appendix B. The 2006 summer session tuition schedule is shown in Table B-3. Table B-4 shows the consolidated schedule of tuition and segregated fees for 2005-06. The UW System tuition refund policy and schedule follows on pages B-8 and B-9.

Law School Tuition. In addition to the general \$364 dollar increase for most UW-Madison students, recommended tuition for Law School students will increase an additional 5% for residents and \$750 per semester for nonresidents as the second phase of a four year quality improvement plan. The additional 2005-06 funding will enable the Law School to add two faculty positions in the area of tax law; increase support for summer research projects; integrate two additional clinical faculty members into the research mission of the Law School; supplement the professional staff in the Law School Admissions and Financial Aid Offices; support web-based student services systems and the Law Library student computer laboratory; and upgrade classroom technology.

Pilot Tuition Programs. This is the fourth year of UW-Stout's pilot laptop program, which includes per credit tuition and an additional per credit laptop fee. During 2005-06 this pilot program will apply to freshman, sophomore, junior, new senior, and first-year graduate students. This is the second year of UW-Milwaukee's pilot program differentials in the College of Business Administration, College of Engineering and Applied Science, College of Nursing, and the Peck School of the Arts. With the exception of a few core classes, students taking courses within these Colleges/Schools will be charged an additional amount per credit; \$15, \$10, \$30, and \$15, respectively. The College of Engineering and Applied Science differential applies to both undergraduate and graduate students, while the others apply only to undergraduates.

New Remission Programs For Veterans. Legislative action to date requires the Board of Regents to provide a 50% remission of academic fees to eligible veterans. In addition, the Board is required to provide a 100% remission of academic fees for surviving spouses who have not remarried, within ten years of the death of the veteran, and children between the ages of 18 and 26, of eligible veterans who died on active duty or in the line of duty while on active or inactive duty for training purposes or who incurred at least a 30% service connected disability. Eligibility is determined by Wis. Stats. Chapter 45. Remissions are valid for up to 128 credits or 8 semesters, whichever is longer. The costs of these remissions, estimated to be within a range of \$4.4 to \$12.2 million annually, are not built in to the 2005-06 tuition rates.

Peer Tuition

The following table summarizes the distance to the peer median for UW-Madison tuition in 2004-05.

<b>2004-05 MADISON BIG TEN PEER GROUP TUITION COMPARISONS</b>

\*The Board of Regents approved a phased per-credit tuition model for UW-Stout to accompany its mandatory laptop computer initiative. For 2005-06, all undergraduate students except returning Seniors will be assessed on a per-credit basis; new graduate students will also be assessed on a per-credit basis, while returning graduate students will continue under the previous plateau model.

(a) Represents tuition for a full-time summer session student, which is defined as half of the full-time academic year semester load.

(b) These per credit amounts are in addition to the regular per credit tuition for students taking courses in these disciplines.

(c) The amount for campuses without differentials. (Green Bay, Parkside, River Falls, and Stevens Point)

Tuition rates shown in this table have been rounded to the dollar. Campus fee schedules and student billing statements will include actual rates that will be within a dollar of these rates .

## UW System Tuition Refund Policy and Schedule

Refunds shall be made in accordance with Section Q. Refunds/Withdrawals/Drops and Attachment C of the Financial and Administrative Policy F44.

### Q. Refunds/Withdrawals/Drops

UW System institutions are responsible for complying with federal regulations governing participation in the student financial assistance programs authorized under Title IV of the Higher Education Act of 1965, as amended. To the extent that these regulations require a larger refund to federal funding sources than the amount specified by the refund policy stipulated below, the student will be responsible for the difference.

For refund, withdrawal, drop/adds and late payment purposes, the first session week is defined to end as of the close of regular business on Friday of the first full calendar week or, at the institution's option, after five class days.

Up to the end of the second session week (as institutionally defined) or the end of the 10th day of class, refunds for any credit reduction shall be at 100 percent (less the optional withdrawal fee). During the third and fourth session week, the refund shall be reduced to 50 percent and after the fourth session week, there shall be no refunds of tuition. At the institution's option, a flat add/drop fee as approved by the Vice President for Business and Finance may be assessed after the 100 percent refund period to cover administrative costs. The fee shall be deposited to Fund 128.

The burden of proof in determining the date of withdrawal/drop shall be on the student. The same refund schedule shall apply to both withdrawals and class drops. During the 100 percent refund period, a student who adds and drops credits of concurrently offered classes within the same session week shall be assessed additional fees or receive a refund based on the net result of those adds and drops. After the 100 percent refund period, students will be assessed for all adds and drops. If a part-time student only adds credits during the session week, the credits should be assessed at the full per-credit rate disregarding any previous refunds. Undergraduate students who take 12 through 18 credits and graduate students should not pay more than full-time student fees. Undergraduates who take more than 18 credits shall have the refund schedule applied to those credits which exceed the 18 credit plateau. Exceptions to this provision must have the prior approval of the Vice President for Business and Finance or designee.

In those instances in which a student can document nonattendance at the institution after having enrolled in one or more courses, the student shall be assessed fees equal to 20 percent of the original fees due, reduced to resident rates, plus the late payment fee.

The refund policy may be adjusted for differences in starting dates and session lengths. Exceptions may be made, at the institution's option, for changing sections within a course.

At the institution's option, a withdrawal fee not to exceed \$50.00 may be assessed during the first session week and up to \$100 during the second session week. The withdrawal fee shall be deposited to Fund 128 and used to support the fee collection operations and defray the cost of processing withdrawals.

## C. UW AUXILIARY OPERATIONS

### Summary of Auxiliary Rate Increases

As approved by the Board of Regents in 1996, explanations of auxiliary rate increases will focus on those above the 3 year rolling average increase in Wisconsin per capita disposable income (4.7% for 2005-06). General increases across the system included the following:

- **Segregated fee rate increases average 8.84% (weighted average is 8.80%).**  
Ten of the thirteen four-year institutions exceed the 4.7% threshold for the following reasons:
  - Student approved facility enhancements related to Student and Recreation Centers** at UW-Whitewater, UW-Oshkosh, UW-Superior, UW-Stevens Point, UW-Parkside, and UW-River Falls.
  - Other factors influencing segregated fee increases include higher costs associated with supply and expenses, utilities, and debt service.** Campuses experiencing these costs include UW-Madison, UW-La Crosse, UW-Parkside, UW-Platteville, UW-River Falls, UW-Stevens Point, UW-Stout, and UW-Superior. Table C-3 provides a more detailed explanation of all the segregated fee increases beyond the 4.7% threshold.
- **Segregated fee increases at the UW Colleges average 6.85%.**  
Six of the thirteen Colleges exceed the 4.7% threshold, largely due to student activity funding requirements and program enhancements related to academic skill centers.
- **Room and Board rate increased at an average 5.09% (weighted average is 5.81%)**  
Nine of the fourteen institutions exceed the 4.7% threshold, for reasons primarily attributed the following:
  - New and renovated residence halls and facility maintenance projects** at UW-Stout, UW-Milwaukee, UW-La Crosse, UW-Oshkosh, UW-River Falls, UW-Platteville, and UW-Stevens Point.
  - Higher costs associated with compensation, debt service, supply and expenses, and utilities caused higher room and board rates** at UW-Milwaukee, UW-Madison, and UW-Whitewater.

## PROGRAM SUMMARY

Auxiliary operations are self-supporting programs whose primary purpose is to provide services to the students (e.g., residence halls, student centers/unions, student health clinics, bookstores) and whose secondary purpose is to provide services to staff (e.g., parking, clinics, conferences, printing and duplicating services), and occasionally to the general public. User fees, segregated fees, merchandise sales, and interest earnings generate revenues for auxiliary operations, and the operations are allowed to maintain reserves for new facilities, remodeling/additions, deferred maintenance, high cost equipment, debt service obligations, and to ensure adequate funding for current operations. Students participate in the programming and budgeting process through institutional Segregated University Fee Allocations Committees (SUFAC's).

Based on direction from the Business and Finance Committee of the Board of Regents, the increases in major auxiliary rates are subject to a reporting threshold equal to the 3-year rolling average change in Wisconsin Disposable Income Per Capita (**4.7% for 2005-06**). Institutions with rate increases below that threshold have reduced annual budget paperwork and those above must continue to provide detailed reporting on their rate increases. The threshold applies separately to the following major auxiliary categories: Segregated Fees (in total), Room and Board rates, Textbook Rental, and Apartment Rental rates. Table C-3 through C-7 includes an explanation of increases for those institutions above the **4.7% threshold**.

## OPERATIONS HIGHLIGHTS

The 2005-06 auxiliary operations budget includes adjustments covering increased compensation, supplies and expenses, added health care costs, new services, and additional capital expenditures.

- Projected expenditures will **decrease 4.4% in 2005-06 to \$546.45 million**. The decrease is a result of transferring academic program revenue operations from auxiliary accounts (Fund 128) to other program revenue operating receipts (Fund 136). The transfer occurred to differentiate between self-supporting auxiliary operations and other ancillary activity highly related to instruction.
- Revenues from charges to students for segregated fees and room and board will increase by **\$17.16 million or 7.1%**. Auxiliary fee and rates are determined by the institutions in cooperation with the students, and reviewed and approved at the system level.
- The average segregated fee (excluding UW Colleges) is **\$711** with an average increase of **\$58 (8.8%)**; institution rate changes range from **-\$5.98 to \$147.08 (-0.5% to 26.5%)**. The UW Colleges average segregated fee is **\$241** with an average increase of **\$15.47 (6.9%)**; institution rate changes range from **-\$4.40 to \$40.84 (-2.0% to 19.5%)**. At a majority of the institutions, student initiated programs are the major reasons for the increases. Table C-1 shows the 2005-06 percent increase and total segregated fees by institution. Table C-3 explains the increases for those institutions above the **4.7% threshold**.
- The average room and board rate is **\$4,550** with an average increase of **\$220 (5.1%)**; institution rate changes range from **\$80 to \$366 (1.8% to 8.7%)**. For additional information see Table C-5.

<b>UW SYSTEM AUXILIARY OPERATIONS 2005-06 ACADEMIC YEAR DOCTORAL &amp; COMPREHENSIVE SEGREGATED FEES</b>
----------------------------------------------------------------------------------------------------------------------

<u>INSTITUTION</u>	<u>2004-05 RATE</u>	<u>2005-06 RATE</u>	<u>INCREASE</u>	<u>% CHANGE</u>	<u>EXPLANATION OF CHANGES ABOVE THE 4.7 PERCENT THRESHOLD</u>
					*(%) indicates related segregated fee increases.
MADISON	\$608.00	\$662.00	\$54.00	8.9%	Segregated fees increased for Health Services (\$18.60), Transit (\$13.68), Student Union (\$9.96), Organized Activities (\$8.40), and Intramurals (\$4.52). The primary factors include a new transit contract with Madison Metro, higher energy costs, increased chargebacks for utility infrastructure costs, and modest increases in student initiated programs.
MILWAUKEE	\$693.00	\$725.60	\$32.60	4.7%	
EAU CLAIRE	\$575.50	\$599.50	\$24.00	4.2%	
GREEN BAY	\$1,154.00	\$1,148.02	-\$5.98	-0.5%	
LA CROSSE	\$706.19	\$742.47	\$36.28	5.1%	The Health Center (\$16.49), Student Union (\$7.89), and Recreation Center (\$6.74) contributed to the segregated fee increase. The Health Center increase is due to student initiated program expansion for counseling services, pay plan, and supply and expenses. Funding for the Student Union will increase to cover higher debt service costs through 2010. The Recreation Center fee rose as a result of higher compensation, supply and expenses, and utility costs.
OSHKOSH	\$502.00	\$590.00	\$88.00	17.5%	The new Recreation Center fee (\$91.49) will cover debt service costs related to a student approved \$21 million Recreation and Wellness Center. Two additional segregated fee increases of \$82 in 2006-07 and \$66 in 2007-08 are planned to support the Center's debt service and operational costs.
PARKSIDE	\$648.00	\$720.00	\$72.00	11.1%	Segregated fees changed in multiple areas: Student Union (\$96.95), Organized Activities (\$13.46), Transit (-\$52.46), and Health Services (\$5.40). The Student Union fee rose to cover the student approved expansion project, and it will continue increasing for the next two years to cover debt service and operating costs. The students increased Organized Activity funding because they felt past reductions had been too limiting on student organizations. The Transit change results from a new student bus pass (\$9.49) along with the elimination of student parking as a segregated fee (-\$61.95). The Health Service fee increased due to rising medication costs.
PLATTEVILLE	\$672.00	\$704.00	\$32.00	4.8%	The Pioneer Student Center fee increased \$26.00 as a result of student initiated services.

					*(%) indicates related segregated fee increases.
<b>RIVER FALLS</b>	<b>\$630.00</b>	<b>\$685.25</b>	<b>\$55.25</b>	<b>8.8%</b>	Segregated fees increased for five components: Student Union (\$25.00), Recreation Center (\$15.00), Athletics (\$5.00), Organized Activities (\$5.12), and Municipal Services fee (\$5.13). The Students approved a higher Union fee to cover capital improvements. The Recreation Center fee is attributed to the new Health and Human Performance building, which is currently in the planning phase; the new recreation fee funds planning costs related to the new center. The Municipal Service account requires a funding increase to address past shortfalls.
<b>STEVENS POINT</b>	<b>\$568.80</b>	<b>\$650.50</b>	<b>\$81.70</b>	<b>14.4%</b>	Three operations contributed to the rise in segregated fees: the Student Union (\$50.00), Organized Activities (\$12.31), and Health Services (\$8.50). The Student Union fee is increasing at \$50.00 a year for the next three years to cover debt service and operating costs associated with the student approved \$16.7 million renovation project. The Organized Activities fee increase is a result of students granting additional funding for student organizations. Higher salary costs and depleted cash reserves drove the Health Service fee upward.
<b>STOUT</b>	<b>\$528.24</b>	<b>\$559.68</b>	<b>\$31.44</b>	<b>6.0%</b>	The Student Union (\$16.80), Health Services (\$4.32), and Organized Activities (\$4.08) increased segregated fees above the threshold. The Student Union increase is a result of bond refinancing with higher debt service costs and higher supply and expense costs. Health Service and Organized Activities rose as a result of increased supply and expenses.
<b>SUPERIOR</b>	<b>\$652.34</b>	<b>\$754.56</b>	<b>\$102.22</b>	<b>15.7%</b>	Four operations contributed to the increase in segregated fees: Student Center (\$80.00), Wessman Arena (\$10.00), Health Services (\$6.79) and Municipal Services (\$4.00). In December, 2004, students approved the Rothwell Student Center building project which increases the segregated fee by \$80 each year through 2010-2011 and an additional \$33 in 2011-2012. The Arena fee increase represents the final phase of fee increases related to facility enhancements. Health Services increased as a result of depleted cash reserves from previous budget attempts to hold down fee increases. The increased Municipal Service fee will replace depleted cash reserves from higher than expected charges in previous years.
<b>WHITEWATER</b>	<b>\$555.64</b>	<b>\$702.72</b>	<b>\$147.08</b>	<b>26.5%</b>	The University Center Addition/Remodeling Project, estimated at \$19,637,000, requires a fee increase of \$138.72 to cover debt service payments, maintenance, and new programming costs.

BARABOO	\$281.20	\$315.32	\$34.12	12.1%	Segregated fees increased to support the campus art gallery (\$20.02) that was previously operated by a now retired faculty member pro bono. Funding also increased for the Academic Skills Center for additional services (\$5.80), and Athletics (\$3.96) for higher team travel expenses.
BARRON	\$237.70	\$252.80	\$15.10	6.4%	A higher segregated fee is the result of three factors: Student Center (\$6.00), Athletics (\$4.00), and Organized Activities (\$2.10). The Student Center fee increase is due to the loss of the technical colleges shared support, while Athletics increased as a result of higher team travel expenses. Organized Activities increased to support two new student organizations.
FOND DU LAC	\$245.60	\$253.12	\$7.52	3.1%	
FOX VALLEY	\$220.00	\$215.60	-\$4.40	-2.0%	
MANITOWOC	\$177.80	\$207.36	\$29.56	16.6%	Athletics (\$14.32), Student Activities (\$7.20), and the Academic Skills Center (\$3.00) caused higher segregated fees. The Athletics fee increased due to the addition of a women's basketball team. Student Activities increase is a result of additional support staff, and the Academic Skills Center expanded programming.
MARATHON	\$210.30	\$220.16	\$9.86	4.7%	
MARINETTE	\$168.00	\$200.40	\$32.40	19.3%	An Academic Skills Center fee (\$36.00) was added to provide students with tutoring services. The increase was partially off-set with reductions in Athletics (\$3.60).
MARSHFIELD	\$221.20	\$229.70	\$8.50	3.8%	
RICHLAND	\$254.60	\$272.30	\$17.70	7.0%	Theatre (\$7.00), Municipal Services (\$6.00), and Athletics (\$4.70) caused higher segregated fees. Higher costs related to production and services caused the increases on Theatre and Municipal Services, while the Athletics increase is a result of higher travel expenses.
ROCK	\$209.80	\$250.64	\$40.84	19.5%	Municipal Services (\$19.28), Academic Skills Center (\$11.00), Childcare (\$6.08), and Organized Activities (\$4.04) are increased fee areas. The Municipal Services increase is a result of using reserves to hold down segregated fees over the past several years. Higher supply costs, student initiated programming, and decreasing reserves caused the Academic Skills Center and Childcare increases. The Organized Activities fee increase was a result of students adding support for new student clubs.

**TABLE C-5 (CONTINUED)**

**EXPLANATIONS OF INCREASES IN 2005-06  
RESIDENCE HALLS AND MEAL PLAN RATES  
ABOVE THE 4.7 PERCENT THRESHOLD**

**Increases due primarily to additions, maintenance, remodeling, and utilities increases.**

<b>Madison</b>	Primary factors affecting room and board rates include higher energy costs, increased chargebacks for utility infrastructure costs, and substantially higher student food purchases.
<b>Milwaukee</b>	Rates increased for several factors. Salaries, fringe benefits, supplies, equipment, and utilities for continuing operations account for \$195 of the increase. Room and board rates increased \$75 for all students to support the Kenilworth housing project. A concerted effort to keep major facility maintenance projects on schedule also pushed residence hall rates higher by \$52. Meal plan rates rose by approximately \$48 to cover higher food and fringe benefit costs.
<b>La Crosse</b>	Room and board rates increased to build cash reserves for a future residence hall that will begin construction in 2005.
<b>Oshkosh</b>	Housing rates increased to cover costs associated with a \$12 million Taylor Hall renovation, and to build cash reserves for future residence life renovations.
<b>Platteville</b>	Room fees increased to support capital maintenance and purchase new furniture for a residence hall.
<b>River Falls</b>	Students and administrators recommended that the campus adopt an aggressive ten-year master plan that calls for replacing all of the current furniture and addressing deferred maintenance projects. This is the second year of the master plan. The master plan will require fee increases through 2010-11, but students have the ability to review the rate increases each year.
<b>Stevens Point</b>	Residence life increases are attributed to three factors: a lower occupancy level in 2005-06, phase 2 of a residential lighting project, and a mandatory fire alarm upgrade.
<b>Stout</b>	Proposed residence life fee increases will cover maintenance, capital improvements, and debt service costs related to the addition of a new residence hall. Debt service will result in 2% rate increases through fiscal year 2007. The maintenance and capital improvements will result in 8% rate increases for the next three years. Meal plan rates increased due to more participants who caused increased salary, fringe benefit, and supply and expense costs.
<b>Whitewater</b>	A higher meal plan participation rate will increase the cost per meal to the food contractor. Compensation, maintenance, and remodeling costs also factored into higher fees.

**EXPLANATIONS OF INCREASES IN THE 2005-06  
APARTMENT RATES THAT ARE GREATER THAN 4.7%**

Madison	Madison's apartment rates did not exceed the threshold. In 2005-06, Madison's Harvey Street apartments will go from an academic year contract (9.5 months) to a 12 month lease.
Milwaukee	Milwaukee's rate increase beyond the 4.7% threshold results from several factors. Salaries, fringe benefits, supplies and equipment, and utility costs for continuing operations account for a portion of the increase, while the Kenilworth Housing Project impacted rates by assessing an additional \$75 to all room rates. A concerted effort to keep major facility maintenance projects on schedule also pushed residence hall rates higher. The rates shown for Purin Hall are presented on a monthly basis for comparison purposes. Rates for Purin Hall are based on an academic year (9.5 month) contract.

**D. 2005-06 REVISED ALLOCATION DECISION  
RULES**

## **2005-06 REVISED BUDGET ALLOCATION DECISION RULES**

**Based on the Final Legislative Budget Recommendations**

**(changes to the Governor's recommendation are shaded)**

*(Note that allocations for items not included in the final budget will be removed from this list of decision rules.)*

Annual budget allocation decision rules are provided for those 2005-07 budget initiatives that affect first-year (2005-06) funding. Items that affect funding beginning in the second year will be addressed in the 2006-07 Annual Budget Decision Rules next spring.

Allocation methodologies for items that are new initiatives may be modified in 2006-07 if a year's experience provides more appropriate criteria.

### **I. ALLOCATION DECISION RULES FOR NEW FUNDING**

#### **A. NEW UW SYSTEM DECISION RULES**

##### **1. FACULTY RETENTION FUNDING**

The Legislature recommended \$1,667,000 in 2005-06 in funding for retention of high demand faculty. Funding will be distributed to all UW System institutions, as faculty retention is a systemwide concern. Funding for faculty retention will be allocated based on each institution's proportion of UW System GPR/Fee faculty FTE.

##### **2. LAWTON UNDERGRADUATE MINORITY RETENTION GRANT/ADVANCED OPPORTUNITY PROGRAM (AOP)**

The Legislature recommended increasing the Lawton Grant by \$295,400 and the AOP by \$262,200 in 2005-06. The budget will also transfer \$1,842,100 PR to GPR for the Lawton Grant and \$1,650,000 PR to GPR for the AOP in 2005-06 to replace funding provided in 2003-05 from UW auxiliary reserves. Funding for 2005-06 will be allocated based on each institution's proportion of a three-year rolling average headcount of students of color.

##### **3. UTILITIES**

The Legislature recommended an increase of \$41,845,800 for utilities in 2005-06. The 2003-04 actual expenditures will be used as the basis for distributing base and new funding for utilities.

##### **4. STUDENT TECHNOLOGY FEE**

The 2005-07 biennial budget provided \$2,601,400 in 2005-06 in additional funding to all UW System institutions to meet student needs for instructional technology and information access. Allocation of this funding is proportional to 2004-05 combined academic year and summer session fee budgets excluding the student technology fee.

##### **5. MHEC FUNDING**

The Legislature recommended that \$40,000 GPR be provided annually to the University of Wisconsin's general program operations appropriation to help cover membership dues payments for the Midwest Higher Education Compact.

## **B. CAMPUS SPECIFIC FUNDING**

Funding for institution specific items will be allocated to the designated institution based on gubernatorial and legislative intent.

### **1. ALZHEIMER'S RESEARCH FUNDING**

The Legislature recommended \$1 million GPR in 2005-06 for state support of Alzheimer's research. This funding will be provided to UW-Madison.

### **2. UW-MILWAUKEE AND UW-WAUKESHA TASK FORCE**

The Legislature recommended \$30,000 in 2005-06 for UW-Milwaukee to convene a task force to study and develop an implementation plan for transforming UW-Waukesha into a campus of UW-Milwaukee. This funding will be provided to UW-Milwaukee.

### **3. UW-PLATTEVILLE ROCK COUNTY ENGINEERING**

The Legislature recommended \$378,300 GPR and \$203,700 PR annually and 5.0 FTE positions to fund an engineering program at UW-Rock County through a partnership with UW-Platteville. This funding will be provided to UW-Platteville.

### **4. UW-STEVENS POINT PAPER SCIENCE LAB**

The Legislature recommended \$78,000 PR annually and 1.0 PR position from funds transferred from the DNR forestry account to support a lab manager position in the UW-Stevens Point paper science program. This funding will be provided to UW-Stevens Point.

### **5. AQUACULTURE DEMONSTRATION FACILITY**

The Legislature recommended \$238,000 PR and 2.0 PR positions in 2005-06 and reallocated \$94,900 for salary and fringe benefit costs associated with the positions. In addition, \$256,500 in debt service authorization for Fund 155 was provided. This funding will be provided to UW-Superior.

### **6. UW-MADISON ADMINISTRATIVE REDUCTION**

The Legislature recommended an additional \$500,000 GPR reduction to UW-Madison's largest general program operations appropriation to reduce administrative funding.

## **II. ALLOCATION DECISION RULES FOR EXISTING (BASE) FUNDING**

### **A. LAWTON UNDERGRADUATE MINORITY RETENTION GRANT/ADVANCED OPPORTUNITY PROGRAM**

Funding for 2005-06 will be allocated in the same manner as in prior years. Allocations will be based on each institution's proportion of a three-year rolling average headcount of students of color.

## **III. BASE REALLOCATION OF UW RESOURCES**

The 2005-07 biennial budget includes an administrative budget reduction of \$15,000,000 GPR in 2005-06. The reduction will be allocated based on each institution's share of the

UW System's 2004-05 GPR/Fee budget excluding debt service, utilities, financial aid, separately budgeted academic tuition, and Extension credit programs. The Governor's budget also reduces the number of GPR positions in the UW System by 200 FTE in 2005-06. The Legislature reduced the number of positions to be eliminated in 2005-06 to 100 FTE.

In addition, the biennial budget requires a one time \$20 million savings from Asset Management and ongoing Enterprise Initiative savings of \$5,000,000 for procurement. \$10 million of the \$20 million one time savings amount will be allocated to UW Systemwide, for strategic systemwide asset management initiatives. The other \$10 million will be distributed on the basis of GPR/Fees (excluding debt service, utilities, financial aid, separately budgeted academic tuition, and Extension credit programs) on a one-time basis. The \$5 million of ongoing procurement savings will also be distributed on the basis of GPR/Fees (excluding debt service, utilities, financial aid, and Extension credit programs).

The Legislature recommended a \$15,000,000 GPR reduction in 2005-06 in addition to reductions included in the Governor's budget. They also stipulated that \$1,500,000 GPR annually would come from UW System Administration. The additional reduction will be allocated based on \$1,500,000 GPR directed at UW System Administration and the balance distributed to the institutions based on the GPR/Fee base (excluding debt service, utilities, financial aid, and Extension credit programs). The allocations of the Governor's reductions and the additional \$15,000,000 are summarized in the table below:

In addition, the Legislature recommended reducing each state agency's largest GPR appropriation by an amount equal to 2.3% of the agency's total GPR state operations appropriations. In 2005-06, the reduction for UW System would be \$17,117,400. The Legislature also stipulated that agencies can submit a request to the Joint Committee on Finance through the 13.10 process to supplement an appropriation up to the amount reduced in the 2.3% across-the-board reduction.

#### **IV. ALLOCATION DECISION RULES FOR COMPENSATION**

##### **A. 2005-06 UNCLASSIFIED PAY PLAN**

The 2005-07 unclassified pay plan has not yet been acted upon by the Joint Committee on Employment Relations (JCOER). Once JCOER has approved a pay plan increase, allocations will be made based on the approved October 2004 payroll base.

##### **B. 2003-05 CLASSIFIED PAY PLAN ADJUSTMENTS**

The 2005-07 nonrepresented classified pay plan has not yet been acted upon by JCOER. The 2005-06 allocations for permanent and project classified staff will be distributed to institutions at the nonrepresented pay plan rate, once JCOER has approved a pay plan increase. These allocations will be made based on the approved October 2004 payroll base.

**APPENDIX B. SUMMARY OF DIFFERENTIAL,  
PER CREDIT, AND SERVICE-BASED PRICING  
TUITION PROGRAMS**

## UW SYSTEM DIFFERENTIAL, PER CREDIT, AND SERVICE-BASED PRICING BY CAMPUS

### DIFFERENTIAL TUITION

Institution	Tuition Program	Description	Pricing
UW-Madison	Doctor of Pharmacy Program	Implemented Fall 1997. Six year professional program, with the first two years in pre-pharmacy.	The Doctor of Pharmacy program was initially priced at \$6,050 in the Fall 1997-98.
UW-Milwaukee	Peck School of the Arts - Undergraduate	Implemented Fall 2004. Differential rate applies to all undergraduate courses provided by the Peck School of the Arts, with the exception of eight 100 level General Education Requirement courses. Will be reviewed, in consultation with student government, in 2007-08.	\$10 per credit in 2004-05, \$15 per credit in 2005-06, and \$20 per credit in 2006-07.
	College of Engineering and Applied Science – Undergraduate and Graduate	Implemented Fall 2004. Applies to all undergraduate and graduate courses provided by the college. Will be reviewed, in consultation with student government, in 2007-08.	\$5 per credit in 2004-05, \$10 per credit in 2005-06, \$15 per credit in 2006-07, and \$20 per credit in 2007-08.
	School of Business Administration – Undergraduate	Implemented Fall 2004. Differential rate applies to all 200 to 600 level courses provided by the School. Will be reviewed, in consultation with student government, in 2006-07	\$10 per credit in 2004-05, \$15 per credit in 2005-06 and \$20 per credit in 2006-07.
	College of Nursing – Undergraduate	Implemented Fall 2004. Applies to all undergraduates enrolled in clinical major courses within the College. Will be reviewed, in consultation with student government, following the 2005-06 academic year.	Differential of \$30 per credit applied to all 300 level courses in 2004-05, and to all 300 and 400 level courses beginning in 2005-06.
	Allied Health Programs - Graduate	Implemented in 1997. General tuition for Allied Health Graduate Programs was increased to help defray the costs of these health science programs.	Tuition was increased by 20% (10% in 1998-99 and an additional 10% in 1999-00)

DIFFERENTIAL TUITION (cont'd)

<p>UW-Eau Claire</p>	<p>Institution-wide Undergraduate Differential</p>	<p>Implemented in 1997. Funds opportunities such as faculty/student collaborative research, service-learning programs, internships, and freshman seminars/capstone courses.</p>	<p>Began at \$50 per semester in Fall 1997, and was increased to \$55 per semester in Spring 2003, \$60 per semester in Fall 2003, and \$65 per semester in Spring 2004. Beginning with the 2004-05 academic year, the differential will increase by 4.5% annually, rounded to the nearest half dollar, until the Student Senate directs otherwise. The 2005-06 differential is \$68.25 per semester.</p>
<p>UW-La Crosse</p>	<p>Allied Health – Undergraduate and Graduate</p>	<p>Implemented Fall 1997 to help defray costs for operating the undergraduate Occupational Therapy and Physician Assistant programs and the graduate Physical Therapy program.</p>	<p>Tuition increased by 20% (10% in 1997-98 and an additional 10% in 1998-99.)</p>
	<p>Academic Excellence Initiatives – Undergraduate and Graduate</p>	<p>Implemented Fall 2003 to provide direct financial support for undergraduate research, advising, diversity and international education.</p>	<p>Tuition increased by \$20 per semester in Fall 2003. The 2005-06 differential is \$26.80 per semester.</p>
<p>UW-Oshkosh</p>	<p>Oshkosh Personal Development Compact – Undergraduate</p>	<p>Implemented Fall 2003 to provide funding to enhance assessment, advising, co-curricular involvement and emotional adjustment and wellness. Heavy emphasis is placed on student retention, reduced time to graduation and increased graduation rates.</p>	<p>Undergraduate tuition increased \$25 per semester in 2003-04 and increased to \$55 per semester in 2004-05. The differential rate will remain at \$55 per semester through the 2006-07 academic year.</p>
<p>UW-Platteville</p>	<p>Regional Enrollment Plan – Undergraduate</p>	<p>Implemented Fall 2005. Offers differential tuition to new entering nonresident undergraduate students from Illinois and Iowa who enroll in fields that address the workforce needs of both new and established Wisconsin businesses.</p>	<p>Eligible students will be charged the resident tuition rate plus a premium of \$4,000 per year in 2005-06 and 2006-07. The initiative will be reviewed by the Board no later than Spring 2009.</p>

DIFFERENTIAL TUITION (cont'd)

UW-Stout	Access to Learning – Undergraduate and Graduate	Implemented Fall 1999. Differential tuition helps provide access to active learning principles which promote critical and creative thinking abilities in students.	Both residents and nonresidents pay the same differential tuition amount which equals five percent of undergraduate and graduate tuition.
UW-Superior	Academic Excellence – Undergraduate	Implemented Fall 2003 to provide funding for library initiatives with an immediate emphasis on the Jim Dan Hill library operation and support structure.	All undergraduate students are assessed an additional \$75 per semester. The differential fee is prorated for part-time students.
UW-Whitewater	Advising and Integrated Freshman Experience Program – Undergraduate	Implemented Fall 2003 to promote continual student success through a multilevel advising model and an integrated freshman experience program.	Undergraduate tuition increases by an additional amount equal to 3.5% of the resident undergraduate tuition rate.
UW Colleges	Gap Reduction Between Colleges and Comprehensives	Automatically increases tuition each year in order to reduce the resident tuition gap between the Comprehensive rate and the Colleges rate to no more than \$300	The 2005-06 UW Colleges tuition rate is \$3,977.
UW-Eau Claire UW-Green Bay UW-La Crosse UW-Oshkosh UW-Parkside UW River Falls UW-Stevens Point UW-Whitewater	Return to Wisconsin Program – Undergraduate	Implemented Fall 2004 and applies to undergraduate nonresident students who are the children and/or grandchildren of a specific institution’s qualifying alumni. The non-resident student must be a legal resident of a state other than Wisconsin or Minnesota.	The differential rate is equal to the nonresident tuition rate less 25%, but not less than the projected cost of a student’s education. The 2005-06 tuition rate is \$10,742 plus any campus differential rate (if applicable.)

PER CREDIT TUITION

UW-Stout	Per Credit Tuition - Undergraduate and Graduate Students	Implemented Fall 2002, simultaneously with UW-Stout’s laptop computer per credit user fee, in order to promote administrative simplicity, support for adult and part-time access, equity and infusing the digital environment into all aspects of campus life.	Per credit tuition has been phased in over four years for new freshmen. UW-Stout students enrolled when per credit tuition was implemented in 2002 have until 2008 to complete their degrees under the plateau system.

SERVICE-BASED PRICING

UW-Madison	Evening MBA Program	The evening MBA program is designed only for adults with an undergraduate degree and several years of work experience. Flexible scheduling packages and full ancillary services are offered through this program.	This program was priced at \$9,164 in 2004-05.
UW-Milwaukee	Engineering Management Masters Program	Implemented Spring 2002 as a graduate level program offered jointly through the School of Business Administration and College of Engineering and Applied Science. This program's Friday afternoon / all day Saturday cohort structure is specifically tailored to meet the needs of working adults seeking new skills to enhance their careers.	Initially priced at \$25,500 which not only covers all costs of the program, but also contributes support to UW-Milwaukee campus initiatives.
UW-La Crosse	Certificate Program in Medical Dosimetry	Implemented Fall 2003 to serve existing Certified Radiation Therapists located in affiliate regional medical centers. The program is primarily web-based instruction with limited, resident, weekend intensive training.	Initially priced at \$400 per credit and meets all expenses of the program.
UW-River Falls	Master of Management	Implemented Fall 2000 as a means of providing continuing education to adult students in locations determined by student demand and using a combination of web-based and face to face delivery. Enrolled students have access to library materials, textbook acquisition, and career planning and advising.	Initially priced at \$325 per credit which covers all direct costs associated with the Master of Management program.
UW-Whitewater	Online Masters of Business Administration Program	Implemented as a service-based pricing program in the Fall of 2003. Provides additional support, online assessment, and training workshops to students in the online MBA program.	Initially priced at \$550 per credit in 2003-04, which is more than 200% of the resident graduate rate.

**That the attached amendments to the Bylaws of the Board of Regents be adopted.**

CHAPTER III  
COMMITTEES OF THE BOARD

Section 1. There shall be six standing committees of the Board of Regents as follow:

- a. **Education Committee** consisting of such members as are appointed annually thereto by the President of the Board following the annual meeting. The President and Vice President shall serve as ex-officio voting members and the President shall designate the Chair and Vice Chair of the Committee.
- b. **Business and Finance Committee** consisting of such members as are appointed annually thereto by the President of the Board following the annual meeting. The President and Vice President of the Board shall serve as ex-officio voting members and the President shall designate the Chair and Vice Chair of the Committee.
- c. **Physical Planning and Funding Committee** consisting of such members as are appointed annually thereto by the President of the Board following the annual meeting. The President and Vice President of the Board shall serve as ex-officio voting members and the President shall designate the Chair and Vice Chair of the Committee.
- d. **Executive Committee** consisting of the President of the Board, who shall serve as Chair, the Vice President of the Board, the Chair of the Education Committee, the Chair of the Business and Finance Committee, the Chair of the Physical Planning and Funding Committee, the member of the Board who shall have most recently been the President of the Board and ~~one~~ three other members of the Board appointed by the President of the Board. In the event that there shall be no member of the Board who shall have previously been President of the Board, such position on the Executive Committee shall be filled by a member of the Board appointed by the President of the Board.

### Place of Meetings

Section 4. All meetings of the Board shall be held in Madison, unless otherwise ordered by the Board.

### Quorum

Section 5. A majority of the members of the Board shall constitute a quorum of the Board. A majority of the members of a committee of the Board shall constitute a quorum of that committee. Ex-officio members of Board committees shall not be counted in determining the number required for a quorum, but may be counted in determining that a quorum is present at a meeting of the committee.

### Parliamentary Rules and Order of Business

Section 6. General parliamentary rules as set forth in *Robert's Rules of Order*, current edition, and as modified by rules and regulations of the Board, shall be observed in conducting the business of the Board in session.

The order of business at all meetings shall be as follows:

- (1) Calling of the roll
- (2) Approval or amendment of the minutes of the proceedings of the last meeting
- (3) Report of the President of the Board
- (4) Report of the President of the University System
- (5) Report of the Secretary
- (6) Reports of standing committees
- (7) Reports of special committees
- (8) Additional resolutions
- (9) Communications, petitions, and memorials
- (10) Unfinished and additional business

Approval of the Design Report and (a) Authority to Construct the Lowell Hall Parking Structure Project, (b) Increase the Project Scope and Budget, and (c) Request Merger with the Lowell Hall Improvement Project, UW-Extension

PHYSICAL PLANNING AND FUNDING COMMITTEE

Resolution:

That, upon the recommendation of the UW-Extension Chancellor and the President of the University of Wisconsin System, the Design Report be approved and authority be granted to: (a) construct the Lowell Hall Parking Structure project, (b) increase the project scope and budget by \$166,400 Program Revenue-Cash for a total estimated project cost of \$1,153,200 Program Revenue-Cash, and (c) request that the Division of State Facilities merge this project with the Lowell Hall Improvement project for bidding economies.

# THE UNIVERSITY OF WISCONSIN SYSTEM

## Request for Board of Regents Action July 2005

1. Institution: The University of Wisconsin-Extension
2. Request: Requests approval of the Design Report and authority to: (a) construct the Lowell Hall Parking Structure project, (b) increase the project scope and budget by \$166,400 Program Revenue-Cash for a total estimated project cost of \$1,153,200 Program Revenue-Cash, and (c) request that the Division of State Facilities merge this project with the Lowell Hall Improvement project for bidding economies.
3. Description and Scope of Project: This project will replace the deteriorated on grade parking at Lowell Center (previously known as Lowell Hall), which is located at 610 Langdon Street in Madison, Wisconsin. The project consists of expanding the parking area accessed from Frances Street by adding a parking level above the existing ground parking on Mendota Court and renovating the existing parking areas. Access to the parking areas will be from North Frances Street for the upper level and Mendota Court for the lower level. The project will provide 46 parking stalls. An addition to the original scope of work will include restoring and rewaterproofing the structural slab constructed over the classrooms and constructing an off-street passenger drop off location on the Frances Street side of Lowell Center.
4. Justification of the Project: The Lowell Center was originally built as a private dormitory in 1960. UW-Extension purchased the dormitory in 1969 and converted it to a conference center. Two of the wings of the building were assigned as university offices for UW-Madison and UW-Extension. The third wing has 79 rooms to accommodate overnight guests who are attending conference center events (primarily outreach and adult continuing education courses). This conference center can accommodate a total capacity of up to 265 conference attendees, 300 people for informal receptions, and up to 400 people for dining.

The existing parking area provides 26 parking spaces for guests only, which is inadequate for attendees who frequent this building. This requires UW-Extension Conference Centers to lease off-site parking at an average annual cost of \$37,000 for 20 spaces. It is necessary to lease these spaces on a full-time basis. By increasing parking capacity at Lowell Center, UW-Extension is addressing the serious parking situation and making this facility and the campus community safer and more user friendly. Of special concern are guests who arrive late at night.

Based on a parking study conducted for UW-Extension, the existing demand exceeds the available parking 70 percent of the time. The current parking demand for 79 guest rooms suggests a need of at least 53 parking spaces for Lowell Center guests. The original project was designed as a three level parking ramp to achieve that parking density. However,

when the project went to the city of Madison for a conditional use permit, the third level was eliminated due to objections from neighbors.

In addition to increased parking capacity, a passenger drop off lane will be constructed along North Frances Street. The drop off lane will improve visibility, accessibility, and safety by allowing Lowell Center users to load and unload luggage and equipment in an area off city streets. This drop off lane will relieve congestion in the area by reducing the need to stop traffic to load/unload and then travel to another parking lot. There is currently no safe way of dropping off passengers at this location. This project will also offer the opportunity to repair the concrete slab above the dining halls and classrooms, which is the base of the asphalt parking area on the Frances St. side. Lowell Center plans to schedule this repair concurrent with the parking construction to reduce costs and minimize disruption to the conference center operation. The slab will be renovated and rewaterproofed. This work was added to the project because it is needed and it is economically advantageous to perform this work while the parking area is being renovated.

There have been numerous delays to this project due to zoning issues that arose during the design phase. The Lowell Hall Improvement project, which renovates the lobby and adds elevators, was approved in February of 2005. The delay in the design of this project has resulted in both projects now being on similar construction schedules. Combining both projects for bidding will save on the costs of construction supervision, coordination and staging.

5. Budget:

	%	Cost

6. Previous Action:

August 20, 1998  
Resolution 7740

The Board of Regents recommended enumeration of the UW-Extension Lowell Hall Parking Structure project as part of the 1999-2001 Capital Budget at an estimated total project cost of \$986,800 Program Revenue Supported Borrowing.

Authority to Construct Maintenance and Repair  
Projects, UW System

PHYSICAL PLANNING AND FUNDING COMMITTEE

Resolution:

That, upon the recommendation of the President of the University of Wisconsin System, authority be granted to: (a) construct maintenance and repair projects at an estimated total cost of \$402,700 Program Revenue Supported Borrowing–Facilities Maintenance and Repair funds and (b) permit the Division of State Facilities (DSF) to adjust individual project budgets.

## Request for Board of Regents Action July 2005

1. **Institution:** The University of Wisconsin System
2. **Request:** Requests: (a) authority to construct maintenance and repair projects at an estimated total cost of \$402,700 Program Revenue Supported Borrowing–Facilities Maintenance and Repair funds and (b) permit the Division of State Facilities (DSF) to adjust individual project budgets.

3. **Description and Scope of Project:** This request constructs maintenance, repair, renovation, and upgrades through the All Agency Projects Program.

### **Facilities Maintenance and Repair Request**

EAU – 05F1P – Bridgman Hall Electrical Service Upgrade (\$130,700): This project replaces the interior building dry type transformer and switchboard electrical service with a larger capacity exterior pad mounted transformer and switchboard service. The new transformer will be served from the campus primary distribution system by an existing exterior pad mounted switch located on the Bridgman Hall site.

Bridgman Hall’s (50,121 GSF) electrical distribution system is original equipment installed in 1965, and fed from a transformer located in Crest Commons. The electrical service lacks capacity to serve the loads common in a modern residence hall. A robust primary electrical service is needed to provide adequate capacity to extend the life of this facility.

### **Utilities Repair and Renovation Request**

PLT – 05F1N – Brigham Hall Parking Lot and Glenview Commons Parking Lot Reconstruction (\$272,000): This project reconstructs two campus parking lots. All pedestrian walkways, lighting, parking meters, signage, and landscaping features disturbed by this project must be replaced. Existing lighting fixtures, parking meters, signage, and

landscaping items may be salvaged for reinstallation.

Brigham Hall Parking Lot was constructed in 1983 and is located on West Pine Street, just west of Brigham Hall. The Glenview Commons Parking Lot (Lot 22) was constructed in 1969 and is located on Greenwood Avenue, just northeast of Glenview Commons. The concrete and asphalt pavement of both lots is significantly deteriorated, breaking apart in large pieces, resulting in potholes. The potholes and cracks throughout the pavement create a hazardous condition for pedestrians. Further maintenance or repairs are not cost effective solutions and lot reconstruction is recommended.

4. Justification of the Request: UW System Administration and the Division of State Facilities continue to work with each institution to develop a comprehensive campus physical development plan, including infrastructure maintenance planning. After a thorough review of approximately 250 All Agency Project proposals and 520 infrastructure planning issues submitted, and the UW All Agency Projects Program funding targets set by the Division of State Facilities (DSF), this request represents high priority University of Wisconsin System infrastructure maintenance, repair, renovation, and upgrade needs. This request focuses on existing facilities and utilities, targets the known maintenance needs, and addresses outstanding health and safety issues. Where possible, similar work throughout a single facility or across multiple facilities has been combined into a single request to provide more efficient project management and project execution.
