Use the Mobile 'Itinerary' Feature

CISI can more accurately pinpoint your location during emergencies when the 'Itinerary' section of the myCISI Participant Portal or myCISI Traveler app is utilized. For this reason, we **highly encourage** all participants to use this feature. See the below information/screenshots to access this feature from the myCISI Traveler app:

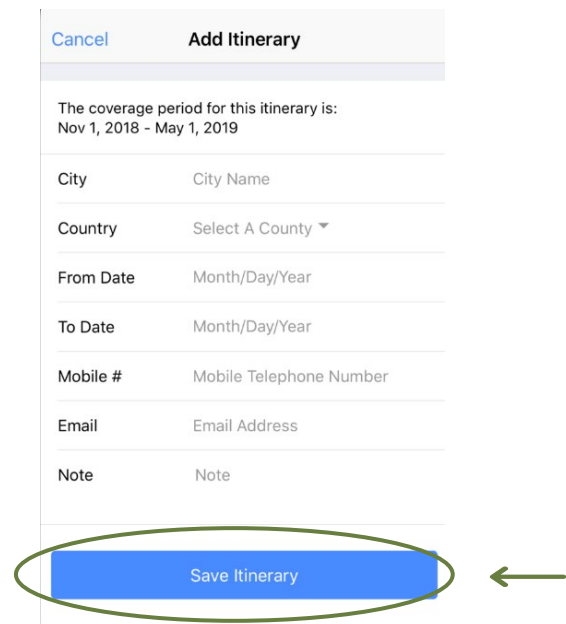

Step 1

Click on **+** to add your Itinerary

Step 2

Add your information and press 'Save Itinerary'

(Repeat the steps until you have entered in your full itinerary)

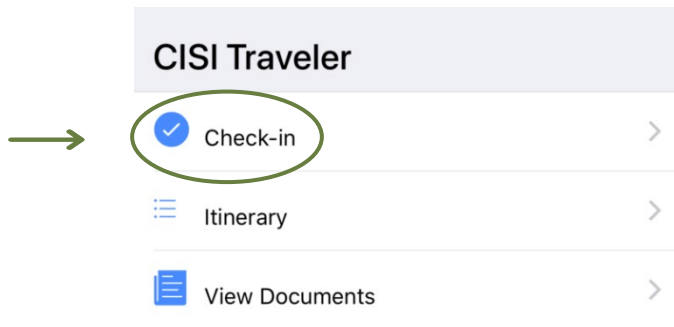

Once saved, your itinerary will appear in this section:

PLEASE NOTE: If any date changes or destinations need to be added or removed, you can edit your Itinerary at any point.

'Are You Safe?' Mobile Check-in

When the unexpected happens, you can check in to let your program and CISI know you are safe via the portal or [myCISI Traveler](#) app. The app makes it easy to check in – just click '**Check-in**' from your home screen*:

Once checked in, your program can pull an emergency roster through the [myCISI](#) sponsor portal where they can then view participant check-in times and locations. If you need immediate assistance, you will be directed to contact our 24/7 assistance team, Team Assist.

Please Note: You do not have to 'Check-in' if nothing has occurred. You will only want to check-in when you want to notify your program and us that you are safe or need help if there is a natural disaster, terrorist attack, or other security-related incident.

***Alerts will not be automatically sent to your phone after you check in. Your program will work on a communication plan with CISI for contacting participants after an incident occurs.**

****If your policy does not include Security Evacuation coverage, CISI and Team Assist are still available to help get you to safety. Please be advised that insureds will be responsible for any costs incurred for such services.**
