

New Student Welcome Survey

New NWTC program students take our welcome survey because we want to get to know you, your strengths, and any potential challenges to your graduation. It is normal for students to experience challenges and research shows that the most successful students can identify what they need and take advantage of the resources offered. By providing your honest responses on this 3-5 minute survey, we will proactively connect you to the support you need.

Where do you plan to take most of your classes this semester? (Select all that apply)
