What is Navigate? uwsuper.edu/navigate

A technology system that supports student success through:

- "Smart" guidance at pivotal points to clarify the student's path to progress and degree completion
- Proactive, targeted intervention to ensure students at higher risk receive services to succeed
- Analytics that reveal opportunities to reduce barriers, identify intervention needs and support student success

Strategic care by advisors, faculty, support staff

- Campus-wide coordinated student care
- Targeted outreach; direct emails & texting from platform
- 360-degree view of actionable student data
