# Team Time Instructions: Reviewing Data

1. Review your institutional data
2. Discuss the following questions
  - What does student success look like at your institution?
  - What are your strengths and challenges related to retention, graduation, and credit load?
  - Which student groups are most successful? Least successful?
  - What does the data suggest the campus needs to focus on to increase student success?

**Finish by 10:55 a.m. and  
return to Rm. 325-326**
