

TRANSFER WISCONSIN

There's much more to Transfer Wisconsin than just seeing how your credits transfer!

If you are planning to transfer to a University of Wisconsin (UW) institution, the Transfer Wisconsin website and the Transfer Information System (TIS) will help you take the next step to achieve your college education goals! Find the Transfer Wisconsin website at wisconsin.edu/transfer.

To get started on your transfer planning, click the Transfer 101 tab. Here you will find our handy transfer checklist that includes information about how to apply for admission, knowing when to transfer, advising, placement testing, and other helpful facts.

We have many online tools available to help you explore transfer opportunities. Click the Transfer Tools tab to learn how your courses will transfer and find transfer planning articulation agreement resources.

USING TRANSFER WISCONSIN

Transfer Wisconsin resources and TIS provide tools and feature a number of agreements that can help you explore transfer options and guide your course-taking and transfer decision-making.

Always discuss your transfer plans with a UW or WTCS transfer adviser to make sure you are using the agreement that is the best match for you and your academic goals.

TIS TRANSFER INFORMATION SYSTEM

The Transfer Information System (TIS) is a statewide initiative to improve transfer for Wisconsin students, and includes tools like the Credit Transfer Wizards, Transfer Guides, Articulation Agreements, and Transfer Plans.

Transfer Wisconsin, a website maintained by the University of Wisconsin System, is the result of a collaborative effort by UW System (UW) and Wisconsin Technical College System (WTCS) to help students transfer between all public, post-secondary institutions in Wisconsin.

Questions?

Visit the Transfer Wisconsin website and click on the Support tab. Here you will find answers to frequently asked questions and contact information for each UW and WTCS campus.

Contact a UW HELP adviser with questions about transferring to a UW institution: uwhelp@uwex.edu or 800-442-6459

For TIS technical support, email tis@uwsa.edu.

A large graphic of the state of Wisconsin in a light gray color. Overlaid on the map is the 'TRANSFER WISCONSIN' logo in black and red text. Below that, the 'TIS TRANSFER INFORMATION SYSTEM' logo is also overlaid in black and red text.

TRANSFER PLANNING

UW COLLEGES GUARANTEED TRANSFER

By participating in the UW Colleges Guaranteed Transfer Program, students can begin their education as a freshman at a UW Colleges campus and, after fulfilling certain requirements, be guaranteed admission to another UW System institution. For more information, visit the UW Colleges' Guaranteed Transfer website at uwc.edu.

UW COLLEGES PLANNING GUIDES

The Transfer Planning Guides are valuable resources as you prepare to transfer and complete your Bachelor's Degree at another UW institution. You can use these guides to:

- Determine specific courses you should take while attending a UW Colleges campus so you can remain on track to complete a particular major
- Find a list of courses required in each major
- Find requirements for admission to a major, such as a specific GPA, number of credits completed, and/or an application procedure in addition to general admission requirements

UW ASSOCIATE DEGREE TRANSFER

Completion of a UW Associate Degree at one UW System institution, prior to transfer to another UW institution, will satisfy your university-wide general education/breadth requirements at the "receiving" UW System institution.

CREDIT TRANSFER WIZARDS

The Credit Transfer Wizards are designed to help you see how courses you are taking – and even courses you plan to take – will transfer to any UW or WTCS campus.

COURSE WIZARDS

Use the Course Wizard to learn how a single course, or courses within an entire academic department, will transfer to another UW or WTCS campus.

REVERSE LOOK-UP WIZARD

Heading home over the summer or winter break? Use the Reverse Look-Up Wizard to find what courses at another campus will fulfill specific course requirements at your current school.

GENERAL EDUCATION WIZARD

Use the General Education Wizard to learn what courses you can take at your current campus to fulfill general education or breadth requirements (e.g., written communication, social sciences) at your intended transfer campus.

TRANSFER DEGREE PLANS

Transfer degree plans provide an unofficial evaluation of how courses will apply toward the requirements of a specific major.

Transfer degree plans are available for a limited number of UW System institutions. For additional information, click on the Transfer Tools—Transfer Plans tab.

ARTICULATION & TRANSFER AGREEMENTS

ARTICULATION AGREEMENTS

WTCS students can take advantage of more than 500 transfer agreements between UW and WTCS campuses. These agreements permit courses in specific WTCS programs to transfer and satisfy requirements for specific UW majors and academic programs.

Click the Transfer Tools tab to search the array of transfer agreements by campus, or by program area.

The Liberal Arts Transfer Program is available at five WTCS campuses—Madison Area, Milwaukee Area, Nicolet Area, Chippewa Valley, and Western Technical Colleges. The program allows students to transfer up to 72 credits to a UW System baccalaureate-granting campus.

UNIVERSAL CREDIT TRANSFER AGREEMENT

The Universal Credit Transfer Agreement (UCTA) is an agreement between the University of Wisconsin System and the Wisconsin Technical College System. The agreement includes a set of courses within eleven subject areas that are transferable to all UW and WTCS campuses.

Find details about this agreement on the Transfer Wisconsin homepage.
