

**UNIVERSAL UNDERGRADUATE CREDIT TRANSFER AGREEMENT  
BETWEEN THE UNIVERSITY OF WISCONSIN SYSTEM AND THE  
WISCONSIN TECHNICAL COLLEGE SYSTEM  
(Revised September 2021)**

**I. Purpose**

On November 21, 2019, Wisconsin Statutes, § 36.31(2m) (b), the State of Wisconsin 72-Credit Transfer Rule, became law. The statutory requirements went into effect on November 21, 2019. The Universal Credit Transfer Agreement (UCTA) between the University of Wisconsin System (UW System) and Wisconsin Technical College System (WTCS) satisfies the requirement expressed in the statute. Specifically,

*36.31 (2m) (b) Notwithstanding s. 36.09 (3) (a), the Board of Regents and the technical college system board shall, and the governing boards of tribally controlled colleges in this state and the association, on behalf of private colleges, may, enter into and implement an agreement that identifies an array of not less than 72 credits of core general education courses and establishes policies for ensuring that, beginning in the 2022-23 academic year, credits for completing the courses are transferable and would satisfy general education requirements at the receiving institution or college, between and within each university, technical college, and each tribally controlled college and private college that elects to participate in the agreement.*

The statute defines core general education courses to mean,

*“Courses generally required for an undergraduate degree that are prerequisite or otherwise in addition to the courses required for an undergraduate degree in a specific course of study.”* [Wisconsin Statutes, § 36.31(2m) (a)(1)]

**II. History of transfer agreements within and across the UW System and WTCS**

The long-standing patterns of inter-institutional collaboration among the UW System and WTCS institutions on matters of transfer provided a ready foundation for development of this agreement. This agreement will enhance the portability of credits and credentials between the two systems. Decades of mutual work between and among the two systems and institutions has led to a strong culture of support for transfer and student success among the public colleges and universities of Wisconsin. Previous partnerships resulted in the establishment of undergraduate transfer policy and guidelines outlined in the [UW System Academic and Student Affairs Administrative Policies, SYS 135 UW System Undergraduate Transfer Policy, SYS 110 University of Wisconsin Board of Regents Criteria for Approval of WTCS Collegiate Transfer Programs, SYS 115 associate Degree Standards, and SYS 140 UW System Templates For Articulation Agreements Between UW System Institutions And WTCS Districts, and Regent Policy Document 4-16 Criteria for Approval of Wisconsin Technical College System Liberal Art and Pre-Professional Transfer Programs](#). Collaborations between institutions within the two systems have produced a profusion of course equivalencies or course-based credit transfer agreements within and across the UW System and WTCS institutions.

Guided by [SYS 140](#), UW System and WTCS institutions articulate and document program-to-program transfer agreements. These program agreements map specific academic pathways for students. Academic advisors use these agreements to counsel students to identify

how courses they take in their Associate Degree programs will transfer into specific baccalaureate programs at a UW System institution.

Transfer agreements are made accessible to the public through the Transfer Wisconsin Web Portal ([wisconsin.edu/transfer](https://www.wisconsin.edu/transfer)).

### **III. Universal Credit Transfer Agreement General Terms and Provisions**

#### **A. Terms**

1. This agreement is effective September 1, 2021 and will be reviewed and renewed biannually, unless UW System and WTCS leads agree to an alternative time frame.
2. This agreement applies only to students who are enrolled at a UW System or WTCS institution.
3. Terms within this and future agreements do not supersede or negate any currently published program-to-program transfer agreements established under UW System SYS 135 or SYS 140.
4. When establishing course transfer credit equivalencies within this agreement, the UW System and its institutions should apply the transfer credit principles and principles of accommodation as articulated in UW System SYS 135.

#### **B. Application of the Universal Credit Transfer Agreement**

1. The courses represented in the UCTA may satisfy degree requirements differently for a student depending on the course requirements related to the major that the student declares, and the structure of the academic program at the receiving institution. Some professional majors and curricular pathways require students to complete a specific set of general education courses.
2. The UCTA represents only some of the articulated UW System/WTCS credit equivalencies and transfer agreements available to students. Students and institutional advisors should select and apply the transfer agreement that best supports the student's academic and career goals.
3. To ensure that students make the best choice to enroll in and complete coursework that is most relevant to advancing their degree goals, UW System and its institutions and WTCS and its institutions shall advise students to:
  - a. Discuss career and academic programs plans, including transfer plans, with a UW System or WTCS academic transfer advisor early in their academic studies. Keep in mind, that even if a student transfers in all the possible courses in the UCTA, the student still may not meet the distribution requirements at the transfer receiving institution.
  - b. Utilize the UW System Transferology searchable database found at, <https://www.wisconsin.edu/transfer> to view a larger set of transferable courses and course equivalencies within academic departments at each UW System/WTCS institution.

- c. View transfer guides and articulation agreements that map out specific degree plans and course transfer plans for a range of majors and programs of study, <https://www.wisconsin.edu/transfer/wisconsin-technical-college-student-resources/>.

#### C. Publishing of the Agreement

1. In partnership with WTCS, UW System will publish web-based resources within the UW System Transferology that are dedicated to the UCTA.
2. Historical UCTAs will be published and maintained on the UW System Transfer site found at [wisconsin.edu/transfer](https://www.wisconsin.edu/transfer). As a result of the restructuring of the UW Colleges within the UW System, all courses labeled “UW Colleges” have been transitioned to come under the authority and accreditation of a UW System four-year institution.

#### D. Maintenance of the Agreement

1. The University of Wisconsin System Administration (UWSA) Office of Student Success in partnership with UW System institutions and the WTCS System Office and WTCS institutions will maintain and update this agreement.
2. UW System and WTCS institutions agree that regular revisions to Section IV of this agreement are necessary to stay current with the dynamic nature of the curriculum and course offerings that evolve in order to stay current with emerging knowledge, industry needs within a professional field, and pedagogy.
  - i. For a course subject set to be included within the UCTA, at least 50% of WTCS districts must offer the WTCS-designated general education course, and at least 50% of UW System institutions must offer an equitable course within the course subject set.
  - ii. When reviewing current and potential course subject sets, the review committee may consider both lower-division and upper-division courses offered at UW System institutions, to include as a sending course within the course subject set.
3. Additional courses may be added to Section IV (Table 2) of this agreement, at any time, upon agreement of all UW System and WTCS institutions.
4. Modifications to Section IV (Table 2) of this agreement that will result in the elimination of a course subject set from the UCTA (see Table 1) may not be made during the academic year for which the agreement is in effect, unless agreed upon by both UW System and WTCS leads.
5. Prior to each subsequent academic year, the UWSA Office of Student Success and the WTCS System Office will provide updates to their respective Vice Presidents that summarize the modifications made to this Section IV of this agreement for the subsequent academic year.

#### **IV. UW System/WTCS Universal Transfer Agreement**

- A. The term of the UCTA is effective September 1, 2021 and will be reviewed and renewed biannually, as described in Section III.
- B. Courses included in the agreement
  - 1. The Academic Years 2014-2016 UW System/WTCS UCTA included eleven (11) course subject sets. Two (2) additional course subject sets were added to the agreement effective July 1, 2016. Thirteen (13) course subject sets were continued into the 2018-2020 academic years. Eleven (11) course subject sets were added to the agreement in 2021 to be effective September 1, 2021. A total of twenty-four (24) course subject sets are illustrated in Table 1.
  - 2. The WTCS course titles and numbers are common to all sixteen (16) WTCS campuses. Table 2 illustrates lists specific institution course numbers and titles that correspond to each course subject set. Course numbers and titles are drawn from the respective institutions' current course catalogs.
  - 3. The set of course subjects within the tables are classified into general education shared learning goals. The tables illustrate how the selected courses are distributed across a variety of academic areas and disciplines.
  - 4. The transferred credits will satisfy a general education or general degree requirement at the receiving UW System or WTCS institution and may include elective credit. General education, degree requirements, and elective credit provide value by preparing students for advanced coursework. Further, general requirements provide students with skill sets and breadth of content knowledge that will enable students to transfer and apply knowledge to multiple academic and workplace settings.
  - 5. Specific information about how each listed course title and number will transfer and satisfy the general education or general degree requirement at a receiving institution may be accessed in Transferology at <https://www.wisconsin.edu/transfer/transfer-tools/>.
  - 6. During the next review cycle, the two systems will review credit transfer from UW System institutions back to WTCS institutions in support of reverse transfer policies.

Table 1		
Classification	Course Subject Set	Credit Range
Communication	Written Communication/ English Composition	3-5
	Interpersonal Communication	3
	Introduction to Public Speaking	2-3
	Technical Reporting	3
Humanities and Fine Arts	Ethics/Moral Problems	1-4
	Thinking Critically and Creatively	3
Natural Sciences and Quantitative Reasoning	College Physics	3
	Concepts of Biology	2-5
	General Physics	4-5
	Introduction to Biochemistry	4
	Introduction to/General Chemistry	4-5
	Microbiology	4
	Algebra and Trigonometry	3-5
	Calculus I	4
	Introductory Statistics	3
	Trigonometry with Applications	2-3
Social and Behavioral Sciences	Abnormal Psychology	3
	Developmental Psychology	3
	Introduction to Psychology	3
	Psychology of Human Relations	3
	Contemporary American Society	3
	Diversity Studies	3

	Introduction to Sociology	3-4
	Introduction to American Government and Politics	3-4
	Introduction to Economics	3
Confirmed Total Credit Range		75-91

Transfer credits will be applied according to transfer accommodations found in SYS 135 UW System Undergraduate Transfer Policy. Where a range of credits is indicated for a course subject set, it reflects differences among UW System institutions. Credits transferred into the WTCS will be evaluated according to documented technical college policies and procedures consistent with WTCS State Board Policy 323 on credit for prior learning and procedures developed by the System Office.

		UW-Whitewater	Trigonometry	MATH 151	3
		Wisconsin Technical Colleges	Trigonometry with Apps	804-196	3

Transfer credits will be applied according to transfer accommodations found in SYS 135 UW System Undergraduate Transfer Policy. Where a range of credits is indicated for a course subject set, it reflects differences among UW System institutions.

Credits transferred into the WTCS will be evaluated according to documented technical college policies and procedures consistent with WTCS State Board Policy 323 on credit for prior learning and procedures developed by the System Office.

Colored cells in the “Course Subject Set” column highlight courses added to the UCTA in the most recent revision of the document.

**Agreement entered on June 2014 by**

Wisconsin Technical College System - Morna Foy, President

University of Wisconsin System - Ray Cross, President

**Agreement revised effective on July 2016 by**

Wisconsin Technical College System – Kathleen Cullen, Provost and Vice President

University of Wisconsin System – Jim Henderson, Vice President

**Agreement revised effective on July 2018 by**

Wisconsin Technical College System – Colleen McCabe, Provost and Vice President

University of Wisconsin System – Karen Schmitt, Interim Vice President for Academic and Student Affairs

**Agreement revised effective on September 1, 2021 by**

Wisconsin Technical College System – Colleen McCabe, Provost and Vice President

University of Wisconsin System –Anny Morrobel-Sosa. Vice President for Academic and Student Affairs

**History:**

University of Wisconsin Board of Regents Resolution I.1.d.: Approval of the Universal Credit Transfer Agreement between the University of Wisconsin System and the Wisconsin Technical College System (June 6, 2014)

University of Wisconsin Board of Regent Policy Document 7-1: University of Wisconsin System Undergraduate Transfer Policy (Revised 06/06/2014)

September 17, 2021

---

Anny Morrobel-Sosa

Date

Vice President for Academic and Student Affairs

September 16<sup>th</sup>, 2021

---

Colleen McCabe

Date

Provost and Vice President
