TRANSFER INFORMATION SYSTEM  
NON-COURSE EQUIVALENCE TABLE DATA

DEFINITION:

The Non-Course Equivalent (NCE) data element is used to designate the type of course equivalent granted at the TO (Receiving) institution. The NCE Table records identifying information about the values for Non-Course Equivalent.

CODING REQUIREMENTS:

'00' = An equivalency for which the TO institution grants credit for an actual course.  
'01' = An equivalency for which general elective credit is granted.  
'02' = An equivalency for which the TO institution determines the equivalency on a case-by-case basis.  
'03' = An equivalency for which elective credit is granted within a specified General Education (BR) area.  
'04' = An equivalency for which students must confer with an appropriate department, not specified, at the TO institution to determine whether or not degree credit will be granted.  
'11' = An equivalency for which departmental elective credit is granted.  
'12' = An equivalency for which each student must confer with the department at the TO institution.  
'13' = An equivalency for which departmental activity credit is granted.  
'21' = An equivalency for which no credit toward a degree is granted.  
'23' = Designates an equivalency for which the associated FROM Course does not transfer to the associated TO institution.
