 - Changes were made where appropriate. The policy continues to use the organization's legal name 'UW System' when referring to delegated legal authority or organization construct.
 - UW-Stout requested that the scope of qualified employee discounts be clarified.
 - Revisions were made to clarify that discounts are limited to employees within the Campus Center(s).
 - UW-Madison requested language be added that a UW Administration employee will be assigned to support Campus Centers, both financially and educationally as needed.
 - No change was made. Current UW Administration resources do not allow for a designated individual at this time.

II. Rescinded UW System Administrative Policies

- [SYS 1288, Reinstatement of Employee Privileges Under Wis. Stat. §36.115\(6\)](#) (approved as of October 6, 2025)
 - Background Summary of Policy
 - The purpose of this policy is to establish a procedure that allows UW System employees holding positions in the classified service on June 30, 2015, to retain the reinstatement privileges that they had under Wis. Stat. § 230.31(1), which provides that employees are eligible for reinstatement to classified service positions in state agencies for a five-year period.
 - University Comments and Concerns
 - There was no feedback provided during the university distribution.
 - Rationale for Rescission
 - During the review of SYS 1200 Series policies to align with the current SYS policy template, it was determined that this policy only retained the eligibility for permissive reinstatement to classified service positions in state agencies for employees who held classified positions on June 30, 2015 until July 1, 2020.
 - Given that the five-year period of reinstatement privileges has passed, this policy is obsolete and proposed for rescission.
